

RETAINING WALL OPTIONS

Ecology Blocks

- Ecology Block walls, if plain are also considered relatively unaesthetic. However, a number of options are available for ecology blocks with a pre-made architectural finish.

Exposed Aggregate

Natural Rock Formations

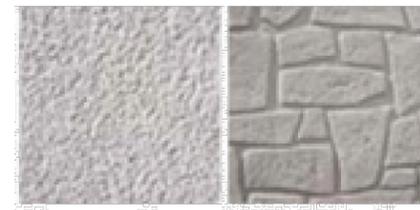

Modular Block Walls

- Modular Block Walls are made in an assortment of architectural finishes. Modular blocks vary in size, but are approximately 24" x 8". This gives the wall a more landscaped look.

Soldier Pile Wall

- Soldier pile wall can have a variety of finish from a simple concrete panels to more decorative options.

Textured Finishes

Brick/Block Finishes

Cast in Place Walls

- Cast in Place walls are often considered the least aesthetic if left plain; however this type of wall can be constructed with a wide variety of architectural finishes.
