CITY OF MCCLEARY Regular City Council Meeting Wednesday, April 8, 2020

ROLL CALL AND FLAG SALUTE Due to the COVID-19 Pandemic state-wide Stay Home, Stay Healthy mandate, the City

Council held their meeting electronically through WebEx Meetings. Councilmembers Present were: Jenna Amsbury, Brycen Huff, Jaron Heller, Ben Blankenship and Joy Iversen. Mayor

Brenda Orffer was also present.

ABSENT None.

PUBLIC HEARING None.

STAFF PRESENT Present at the meeting were Clerk-Treasurer Wendy Collins, Public Works Director Todd

Baun, Police Chief Steve Blumer and City Attorney Chris Coker.

EXECUTIVE SESSION None.

MAYOR COMMENTS Mayor Orffer stated the city has remained operational and assured the Council, if the power

crew becomes ill, we have a contract with Grays Harbor PUD to assist us.

PUBLIC COMMENT Councilmember Iversen liked the Warrant Check Register Report, which was added to the

packet for Council to review the vouchers before approving them since they do not have access to the hard copy they normally review at the meetings. She asked if this could be added on a regular basis because it allowed her to have more time to read and review the

payments.

Councilmember Amsbury asked how will the Council sign the payables and Mayor Orffer said they can all sign them at a later date. We need to have the Council approve them at the

meeting and signing can happen when we are able to meet in person again.

CITY ATTORNEY REPORT Chris Coker has been working with the Mayor on emergency protocols and legal process.

DIRECTOR OF PUBLIC WORKS Todd Baun provided a written report for the Council.

REPORT

COVID-19 UPDATE

MINUTES APPROVED It was moved by Councilmember Iversen, seconded by Councilmember Huff to adopt the minutes from the March 11, 2020 meeting. Motion Carried 5-0.

VOUCHERS Accounts Payable checks approved were 47506 - 47567, including EFT's, in the amount of

\$253,983.72 and 47568 - 47626 including EFT's in the amount of \$121,442.94.

Payroll checks approved were 47569 - 47580, including EFT's, in the amount of \$203,403.49.

It was moved by Councilmember Huff, seconded by Councilmember Heller to approve

the vouchers. Motion Carried 5-0.

On March 16, 2020, Mayor Orffer signed an Executive Order declaring a state of emergency. To date, Grays Harbor has seven cases of Coronavirus with no deaths. The Governor's Stay Home, Stay Healthy declaration was for non-essential employees to stay home. The City is considered an essential service and has implemented a plan to keep social distancing while providing service. Employees are working rotating shifts while others work at home, taking training and remain on-call during normal work hours.

Councilmember Amsbury asked if any projects have been delayed due to the virus and Mayor Orffer responded only the sidewalk project has been delayed because it won't allow for social distancing, along with the fact we are deferring spending until we know more of the impacts on the budget.

Todd Baun added the project planned for pole removal and installation of underground lines on 3rd Street has been postponed because the crew cannot social distance on this type of job.

SQUAXIN TRIBE MUTUAL AID AGREEMENT

Mayor Orffer spoke with Chris Coker about the proposed agreement and he informed her she could move on the contract in her scope and roll of emergency management. The agreement allows us to share resources and does not supersede our agreement with our Grays Harbor County Mutual Agreement. Councilmember Iversen is concerned about the section stating the city would provide housing for their people that respond to help us because we don't have housing available in McCleary. Mayor Orffer said this could mean we provide a piece of vacant property for them to stay on. Councilmember Amsbury noticed a punctuation correction needs to be made on page 4. It was moved by Councilmember Huff, seconded by Councilmember Blankenship to approve the Mutual Aid Agreement between Squaxin Tribe and the City of McCleary. Motion Carried 5-0.

EMERGENCY OPERATIONS-MAYOR ROLL, RESPONSIBILITY, REIMBURSEMENT Mayor Orffer reported John Taylor from Squaxin Tribe suggested the city provide the Mayor a salary when the claim for FEMA reimbursement is submitted. The Mayor becomes part of the emergency management plan and has roles and responsibilities. There should be an established salary for emergency situations only.

Councilmember Amsbury asked if we are allowed to put something down for reimbursement that has not actually been paid and Chief Blumer gave an example of how a reimbursement might work and said the amount paid to the Mayor will pay at the end when everything has been reimbursed. Mayor Orffer added, because this amount will be paid out of the reimbursed total, we do not have to amend the budget. Chief Blumer said John Taylor said even the Council could get reimbursed but it's too much paperwork for all them to have to do.

Councilmember Amsbury read the County Hazard Plan and it is not detailed. She wants to see something in writing to document what we are doing. Mayor Orffer asked Chris Coker to prepare an ordinance for the Mayor's salary but wanted to know if the Council was on board first. Councilmember Iversen asked how many hours the Mayor usually spends working at the city per week and Mayor Orffer said she works around 15 hours and when asked how many she is working since the emergency declaration, she said she works 40 hours. Councilmember Iversen thinks the Mayor should get a percentage of what the city receives as the overall reimbursement.

Councilmember Amsbury asked if anyone knows if every Mayor is putting in 40 hours a week and Mayor Orffer said she doesn't know how they wouldn't be. She said she feels fortunate she can go home at night because in certain emergency situations, she might have to stay onsite at all times.

Chris Coker said this is like getting a grant. If we get the money, we can pay her. Councilmember Blankenship stated since we are in an emergency, she should get reimbursed. Chris added, we do not want to put the city in a position of paying something out the Federal Government needs to reimburse us for. His concern is what do we do if we don't get reimbursed?

Councilmember Amsbury found the hazard mitigation plan on the county website and it is a boiler plate plan and not detailed enough. She said we should create a detailed plan for the future for McCleary. Councilmember Blankenship asked if the current emergency management plan can be shared at the next Council meeting and Todd said yes, and it needs Council approval. Chief Blumer said he sent it to John Taylor at Squaxin Tribe to review it because we might as well have an expert look at it.

ORDINANCE 855 -SUSPENSION OF LATE FEES It was moved by Councilmember Amsbury, seconded by Councilmember Iversen to adopt Ordinance 855 RELATING TO THE CITY OF MCCLEARY PUBLIC UTILITY DEPARTMENTS; TEMPORARILY REMOVING THE CHARGE OF INTEREST AND LATE FEES ON DELINQUENT UTILITY ACCOUTS; STAYING THE TERMINATION OF SERVICES FOR FAILURE TO PAY; TEMPORARILY SUPERSEDING MMC TITLE 13.28.040 THAT AUTHORIZES AND REQUIRES THE COLLETION OF INTEREST AND LATE FEES ON DELINQUENT UTILITY ACCOUNTS; DECLARING AN EMERGENCY; AND ESTABLISHING AN IMMEDIATE EFFECTIVE DATE. Roll call taken in the affirmative. Ordinance Adopted 5-0.

PUBLIC COMMENT

Mayor Orffer announced the Dollar General Store will be starting up construction again as they are considered an essential service. She will share this and other information on her Facebook Live forum this Friday. She will also post information around town for residents to know when she will be making her Facebook Live programs.

MEETING ADJOURNED

It was moved by Councilmember Blankenship, seconded by Councilmember Iversen to adjourn the meeting at 7:22 pm. The next meeting will be Wednesday, April 22, 2020 at 6:30 pm. Motion Carried 5-0.

Approved by Mayor Brenda Orffer and Clerk-Treasurer Wendy Collins.

with more people home we are of course seeing more demands on our systems. We are keeping on top of all regulatory testing and reports that the Department of Ecology and the Department of Health require of us.

Please do not be concerned about the extra demands on our systems, we are nowhere near capacity on either our Wastewater Treatment Plant nor are we anywhere near capacity on our Water Supply!

I do not foresee any problems with either of these facilities.

| Department: | Light and Power | | | | |

Hello All,

I am happy to report at this time all L&P staff is still healthy and reporting to work as assigned. We are still on a social distancing schedule with assigned tasks for no more than 2 crew members at a time at our shop. All crew members are still reporting available for emergency service every day with at least one of them coming in to work and then checking out at 16:30.

Next week we are going to try to implement a 3 man crew type of structure with the main focus on social distancing while attempting to accomplish some line maintenance work and catch up on projects that we can do legally and safely.

During the past 2 weeks the crew has been deep cleaning, organizing and repairing areas in our building and equipment, working with the Police Department with some projects and we have been keeping up with general customer service requests and priority projects.

Hopefully, in the next couple of weeks things will start to return to somewhat normal.

If you have any questions or concerns feel free to contact us.

Be safe and keep in the clear....

Paul

|-------------|----------------------------------|
| From: | Steve Randich |
| Date: | April 20 2020 |
| Department: | Public Works |

Mayor and Council,

I am happy to report that all personnel within the Public Works department are healthy and practicing safe social distancing at this time.

As it stands, our weekly routine consists of all personnel to report daily availability at 0700 a.m. and then sign out at 1530 p.m. via email. I am currently working with a partial crew rotating work days. If an emergency were to happen, the crew is aware that they are to be available and report to the department if called. While personnel are at home they have been asked to get caught up on any and all training that Todd has made available to the department.

All personnel are aware that priority tasks are currently on an "as needed" basis. Meaning, any job that may come up will be evaluated for personnel required and only the amount required will report to work to complete each task.

We have also created a schedule to clean and organize the department. Each day prior to going home we spend 45 minutes disinfecting the city vehicles and any equipment that has been used, along with wiping down all computers and cleaning our office.

It is my hope that by taking these precautions we will be able to keep our crew safe and healthy. If you have any questions, comments or concerns please let me know.

Thank you, Steve

STAFF REPORT

| To: | Mayor Orffer and City Councilmembers |
|-------------|--------------------------------------|
| From: | Wendy Collins, Clerk-Treasurer |
| Date: | April 22, 2020 |
| Department: | Finance & Administration |

The Finance Department has been running on a rotation basis. Employees are either working from home, or working in the office in an effort to follow social distancing rules. We are meeting our individual task deadlines and communicating frequently. Our team has been working on completing the required FEMA trainings, as time allows.

We are working with customers on collecting outstanding balances and encouraging them to pay what they can. We have been informing them about the suspension of late fines and fees and they have expressed their gratitude for the Council's decision to provide relief. One customer stated, "Every penny saved counts a lot".

I have been working on the required FEMA reimbursement forms and entering payroll/benefits COVID-19 codes and Lindsay has been making sure we are correctly coding COVID-19 expenses and she is making sure everything is accurately coded from March 16 through current. Lori Ann has been preparing loss reports for late fees, penalties and shut off totals to claim reimbursement for. I am very impressed with our team over their positive attitudes and willingness to help out and share creative ideas. They always greet the public with a friendly voice, positive attitude, and willingness to go the extra mile to be helpful. I appreciate all they do and I am honored to work with them.

I have been working on both the annual audit and the Annual Financial Report. These are both big jobs and challenging in normal circumstances. This year will be quite an adventure!

Every employee and city department has an important role in the success of the City.

We are all in this together!

MEMORANDUM OF UNDERSTANDING BETWEEN

TEAMSTERS UNION LOCAL # 252 AND CITY OF McCLEARY

WHEREAS, Teamsters Union Local # 252 (the "Union") initiated a grievance regarding the eligibility of an employee for out-of-classification pay for the time period of April 1, 2019 through November 20, 2019; and

WHEREAS, the City of McCleary (the "City") responded denying any violation of the contract and specifically the provisions of paragraph 8.14 of the Collective Bargaining Agreement; and

WHEREAS, while each party believes its position to be correct, the parties have reached an understanding for the amicable resolution of the grievance; NOW, THEREFORE,

In consideration of the mutual benefits to be derived and the promises set forth, the parties agree as follows:

- 1. <u>Undertakings of the City.</u> In consideration of the resolution of the grievance and the terms and conditions set forth herein, the City agrees to make a one-time payment of Five Hundred Dollars (\$500.00) to each member of the Public Works crew serving during the absence of the foreman; Joe Pittman, John Allardin, Jenna Jarvis, and Corey Marsh. The payment shall be subject to all standard withholding.
- 2. <u>Undertakings of the Union.</u> In consideration of the City's promises and the terms and conditions set forth herein, the Union dismisses its grievance and waives any other claim, loss or liability arising from the absence of a foreman during the period April 1, 2019 through November 30, 2019.
- 3. <u>No Precedent; Underlying Agreement Remains in Force</u>. The parties agree that this grievance resolution creates no precedent. The terms and conditions of a Collective Bargaining Agreement of January 1, 2018 through December 21, 2020 remain in full and effect and are not amended by this Memorandum of Understanding.

Budget Considerations Due to Impact of COVID-19 Pandemic

We entered a state of emergency on March 16, 2020, due to the affect of COVID-19 on our region. At that time, we adjusted staff roles and responsibilities to align with our emergency management plan. We are part of the Grays Harbor County Emergency Management Plan, and we have access to request resources and help from them. We also signed a Memorandum of Understanding with the Squaxin Tribe to allow us to share resources with them. We became part of their area, and we are managing our incident within that area.

As a result of this emergency and the onslaught of changes it has brought to our state, we know there will be an economic impact. At this time, we have evaluated quarter one to discover that it is intact and that budgeted revenues and expenses were as anticipated. In that the COVID-19 pandemic hit us late in the quarter, that is what we expected.

Moving forward, we are keeping an eye on the following regarding REVENUE:

- Washington State Retail Sales Tax
- Motor Vehicle Sales Tax
- Criminal Justice Tax
- City of McCleary Utility Tax
- Court Revenue

We feel there could be some decline in these areas. We are watching to see how April financials close.

We have identified potential increased EXPENSES as a result of COVID-19:

 Waste Water Treatment Plant Increased Use of Polymer and Sodium Hydroxide (estimated \$4,800)

We have put a hold on the following items pending analysis of budgetary impacts throughout Q2 and projections for Q3 and Q4:

I. INTRODUCTION

A. Mission

The City of McCleary is dedicated to protect lives, property, and the environment of its citizens through preparedness and mitigation activities, respond in an effective manner to emergencies and disasters, and coordinate and participate in the recovery effort as a result of such events.

Limitations: The diverse nature of any emergency or disaster makes it likely no single government agency or jurisdiction can handle all potential incidents alone. It is either implied or inferred that this plan guarantees a perfect emergency or disaster response. No plan can shield individuals from all events. While every reasonable effort will be made to respond to emergencies or disasters, resources and/or systems may be overwhelmed. Some events provide little or no warning to implement operational procedures, and all emergency plans are dependent upon tactical execution that may be imperfect.

B. Purpose

This plan describes:

- 1) The legal basis for emergency actions by the City government during and following a disaster;
- 2) The most likely disaster hazards faced by the City;
- 3) The City's management, policies, and operational responsibilities during times of emergency;
- 4) The City's planned actions and responsibilities for the four commonly accepted phases of emergency operations:
 - i Mitigation
 - ii Preparation
 - iii Response
 - iv Recovery
- 5) The City's organizational mechanism for emergency planning;
- 6) Operational relationships between the City of McCleary government and other agencies which provide emergency response resources to the City.

C. Scope

- 1) This plan applies to the government of the City of McCleary. Where other agencies and institutions are mentioned, the plan describes understandings or agreements about their expected roles and actions.
- 2) The City of McCleary Incident Commander (DES) coordinates efforts within the City to prepare for, respond to, recover from and mitigate against the threat of disasters and relies

- on close partnerships with City employees, departments, outside entities, and the community as a whole to meet the mission of emergency services.
- 3) For the purposes of this plan, the term "emergency" means a set of circumstances that demand immediate action to protect life, preserve public health or essential services, or protect property. A "disaster" means the situation is beyond the capabilities of the responding organizations or jurisdiction. In general, the term "disaster" will be used in this plan to refer to either an "emergency" or a "disaster" that is covered under this plan.
- 4) The plan provides guidance to the City of McCleary government for the following:
 - a) Prevention, protection, mitigation, preparedness, response and recovery policy;
 - b) Disaster and emergency responsibilities and procedures;
 - c) Training and public education activities; and
 - d) Emergency planning requirement of Title III of the Superfund Amendments and Reauthorization Act of 1986.
- 5) This plan integrates elements of the National Response Framework (NRP), and National Incident Management System (NIMS) including the Incident Command System (ICS), Incorporated within this plan are the guidelines of the Homeland Security Act of 2002, The Stafford Act of 2016, and the emergency management method required by State and Federal law. Since NIMS/ICS is the fundamental operating platform, the City of McCleary formatted this plan to reflect the NIMS/ICS operational structure.
- 6) In all emergencies, City of McCleary response efforts will proceed according to these priorities:
 - a) eliminate major threats to life and safety
 - b) maintain essential governmental authority
 - c) eliminate major threats to property and the environment
 - d) restore essential systems and services
 - e) restore normal community and governmental operations
 - f) provide timely and accurate information to the public

D. Organization

- 1) The Mayor is the administrative head of the City government during periods of emergency. McCleary Municipal Code (MMC) provides the Mayor with power to make and issue rules and regulations on matters reasonably related to the protection of life and property as affected by disaster. Such orders must be confirmed at the earliest practicable time by the City Council as set forth in MMC.
- 2) Per MMC, the Incident Commander is authorized to coordinate all emergency management functions. The Chief of McCleary Police Department serves in this role. In the Mayor's absence, the Incident Commander may assume emergency powers subject to MMC.
- 3) An Emergency Preparedness Council, comprised of all City of McCleary department heads, the Mayor, and the Incident Commander is established to review, recommend, and advise City Council on issues pertaining to emergency preparedness.

- 4) The City Council passes emergency ordinances, resolutions and laws governing the City in a disaster event.
- 5) All City Department Heads are members of the Emergency Preparedness Council; along with the Mayor (council chair) and the Incident Commander (vice chair).
- 6) The City will use the NIMS/ICS to manage the disaster response.

EMERGENCY PREPAREDNESS COUNCIL/OPERATIONS BOARD

The Emergency Preparedness Council oversees and provides policy recommendations to the City Council before, during, and after emergency periods, and provides direction for the development and maintenance of the CEMP. The Emergency Preparedness Council shall provide recommendations and direction to the Incident Commander during major emergencies, and shall act as the Emergency Operations Board during major emergencies.

The Emergency Preparedness Council/Operations Board consists of the following members:

| Mayor | Council Chair |
|---|---------------|
| Incident Commander/Police Chief | Vice Chair |
| City Administrator / Director of Public Works | |
| Fire Chief | |
| Clerk/Treasurer | |
| Building Official | |

During actual emergency situations and activation of the Emergency Operations Board, the City Attorney may be included as a member.

INCIDENT COMMANDER

The Incident Commander (DES) provides direction and coordination for CEMP development and ongoing maintenance and related activities within the City. The DES provides coordination with outside agencies and organizations involved in emergency planning. The DES manages the EOC during activation and interacts with outside agencies to coordinate emergency support activities. The DES recommends emergency planning policy and procedure to the Emergency Preparedness Council.

EOC TEAM (The DES shall assign a chair to this team)

The EOC Team provides direction and support in the development or modification of the plan and all supporting documents. It is recognized that several employees within City Government have specific expertise in areas of emergency disaster management. The team shall be comprised of key operations and management personnel from each City department.

Each Department Head/Director will designate personnel to serve on the team. In addition, outside professional and volunteer organizations that are identified as having key roles in preparedness, planning, response and recovery activities will be identified and may be asked to participate. Members of the EOC Team will staff the EOC as necessary during activation and coordinate the activities in their respective areas or divisions of responsibility during major emergencies and disasters.

Each department will have at least one representative on the EOC Team. During a full or partial activation, some or all of the departments/divisions (listed below) will assure a representative is available to staff the EOC. The nature of the event will determine the level of participation needed. At a minimum, the following departments and divisions within the City will designate representatives:

C. Limitations

The information and procedures included in this plan have been prepared utilizing the best information and planning assumptions available at the time of preparation. There is no guarantee implied by this plan that in major emergencies and disaster situations that a perfect response to all incidents will be practical or possible. As response resources may be depleted or unavailable and essential systems may be rendered dysfunctional, the City can only make every reasonable effort to respond based on the situation, information, and resources available at the time the situation occurs.

III. SITUATION

A. Emergency/Disaster Conditions and Hazards

Through the development of the Hazard Vulnerability Analysis, it has been determined the City of McCleary is vulnerable to numerous technological and natural hazards. These hazards include: storms (wind, rain, snow, and lightning), earthquake, flood, landslide, common and uncommon rescue emergencies, civil disturbance, tsunami, terrorist activity, explosion, structural collapse, hazardous material incidents, major fire (including wild land and urban interface fires) and energy and utility system failure.

In addition to these hazards, the potential exists for emergencies occurring outside of the jurisdiction that may affect our jurisdiction negatively. Coordination for response will be critical to the successful implementation of any detailed plans.

IV. CONCEPT OF OPERATIONS

A. General

- 1. It is the policy of the City of McCleary to conduct emergency and disaster preparedness and mitigation activities in an effort to reduce and minimize the effects of a major emergency or disaster.
- 2. It is the policy of the City that each City Department or division (as appropriate) takes an active role in emergency planning. The planning efforts include the formation of Emergency Operational Procedures for each department that is coordinated in this plan. It is the responsibility of the head of each City department to:
- a. Provide a designee and alternate(s) assigned as members of the EOC Team to actively participate in the preparation and maintenance of the City's overall Emergency Operations Plan. b. Establish a departmental line of succession to activate and carry out emergency and disaster responsibilities.
- c. Develop the capability to continue operations during an emergency or disaster and to carry out the responsibilities outlined in this plan.
- d. Develop departmental Emergency Operational Procedures which includes the following:
- Provides for identification and preservation of essential records.
- · Departmental chain of command.
- · Location for managing departmental emergency operations.
- Departmental responsibilities, capabilities and resources to include: personnel, facilities, fuel, and equipment.
- Information needed to manage the department during emergency operations and means of communications for obtaining that information.
- · How the department will coordinate with the EOC.
- Methods to ensure that all department staff are aware of Emergency Operational Procedures and of the concepts of the Emergency Management Plan.
- 3. It is the policy of the City that City Departments make staff and resources available at the request of the Incident Commander for training activities and emergency operations assignments.
- 4. When a major emergency or disaster occurs, City department management shall use the following general checklist as a basis for managing disaster operations:
- a. Report to the pre-determined site to manage department operations.
- b. Assess damages to facilities and resources.
- c. Assess personnel and resources available.

- d. Assess problems and needs.
- e. Report situation, damages and capabilities to the EOC.
- f. Send designated representatives to the EOC to participate as members of the EOC Team and Emergency Preparedness Council.
- g. Carry out departmental responsibilities and assigned tasks.
- h. Continue assessment of department resources, needs and actions.
- i. Continue reports to the EOC regarding conditions, actions, problem, needs, damages, etc.
- j. Keep detailed and accurate records, document actions, costs, situations, etc.
- k. Maintain day-to-day normal activities as much a practicable.
- 5. The EOC is activated by the Police Department at the request of the Mayor, the Incident Commander, or any City department head or their alternates, when the level of operations requires it. Designated staff reports to the EOC to coordinate response efforts and support field operations. All or part of the EOC may be activated during a disaster. The level of activation will be determined by the nature and extent of the disaster.
- 6. The Emergency Preparedness Council shall be the organization responsible for evaluating a situation to determine if a Declaration of Emergency by the Mayor is necessary. This is recommended and coordinated by the Incident Commander.
- 7. City Departments are expected to carry out their responsibilities outlined in this plan, utilizing their best judgment and in a coordinated manner. The Emergency Preparedness Council may be requested by the Mayor to act as advisors in dealing with problems caused by a disaster and in the coordination of the situation. This coordination will be done through the EOC.
- 8. When a major emergency or disaster occurs, it is anticipated that City Departments and other responding organizations will organize their areas of responsibilities into manageable units, assess damages, and determine needs. If agency resources cannot meet the needs created by the disaster, additional assistance may be requested through existing mutual aid or through the EOC. In the event of a Declaration of Emergency, the deployment of resources will normally be coordinated through the EOC. Resources to be utilized to support City operations may be placed at staging areas until specific assignments can be made.
- 9. In the event a situation is, or will become, beyond the capabilities of the resources of the City and those provided through mutual aid, the Mayor may request assistance from Elma or Washington State.
- 10. In the event of communications failure in a disaster, any City facility may act as a remote EOC for its local area until coordination can be established from the McCleary Police Department EOC. In addition, each may serve as a staging area, triage area, communications center or in any other functional capacity appropriate for the situation as assigned.
- 11. The documentation of registration for emergency workers and other volunteers will be coordinated through the City Clerk/Treasurer Department.

B. Direction and Control

- 1. Direction and control of emergency management activities rests with the Incident Commander. Overall control during disaster operations will be divided into three levels.
 - a. **Policy Group:** consists of the Emergency Preparedness Council with the Mayor as Chair, primarily dealing with policy issues brought about by the disaster. This policy group will provide guidance to the City Council for their action where appropriate.
 - b. **EOC Team**: staffs the Emergency Operation Center, coordinates disaster resources, monitors the disaster situation and reports to the Policy Group.
 - c. Command Posts: operation in field locations and will direct and coordinate disaster field operations. The EOC will provide coordination for the requests from the Command Post(s). Department heads and/or their respective representatives will staff Command Posts as required. Those representatives are authorized to make day-to-day decisions for the activities of their departments.
- 2. Overall direction, control and coordination will be conducted through the EOC in order to support the overall community response to the disaster and to best coordinate efforts with county, state, and federal agencies.
- 3. The primary EOC is located at City Hall, and is equipped with alternate power supplies for use during general system failures.
- 4. Recommendations for EOC activation may come from any level deemed appropriate for the level of disaster. It will be staffed by members of the EOC Team and necessary support staff as required. Initial establishment of the EOC following activation will be the responsibility of the Incident Commander, or other staff as assigned by the Director.
- 5. Individual City departments may designate alternate locations for coordinating individual department operations. The individual in charge of the coordination shall be responsible for keeping the EOC informed of their situation and activities and shall act in coordination with and under the direction of the EOC.
- 6. The following list of management priorities, in order of importance, is provided to guide policy decisions during a disaster of major magnitude.
 - a. Protect life.
 - b. Protect public and private property as it relates to the economic base.
 - c. Develop and disseminate public information through the assigned Public Information Officer.
 - d. Restore essential services.
 - e. Minimize economic disruption to the community.
 - f. Preserve existing institutions and organizations.
 - g. Document decisions, costs, lessons learned, etc.
 - h. Ensure feedback mechanisms are in place for the community.

i. Recovery.

- 7. Communications during an emergency or disaster will be through communications systems currently established within the City organizations. Back up and supporting communication activities will be provided by organized volunteer radio operators.
- 8. Emergency public information will be communicated to citizens via local media through designated Public Information Officer(s), the McCleary Emergency Alert System, and the Public Cable television Civil Emergency Alert System (CEAS).
- 9. The Continuity of Government Act RCW 42.14.050 establishes provisions for the continuation of government in the event its leadership is incapacitated. RCW 35.22 and 35a.12.050 provides for the filling of vacancies for third class cities.

V. RESPONSIBILITIES

- 1. Effective administrative records are essential when recovering from disasters. Each City department will assign personnel to be responsible for documentation of disaster costs and utilize effective administrative methods to keep accurate detailed records distinguishing disaster operational expenditures from day to day expenditures.
- 2. RCW 38.52.070, 35.33.081, and 35.33.101 provide for disaster expenses being incurred from currently appropriated local funds. The Mayor, City Council, and Finance Director will be responsible for identifying other sources of funds to meet disaster related expenses.
- 3. State and Federal requirements mandate agencies submit reports on disaster situations with information concerning: nature, magnitude, and impact, for use in evaluating and providing appropriate response resources and services. These reports include, but are not limited to:
- · Situation Reports
- · Declaration of Emergency
- · Requests for Assistance
- · Damage Assessment

The Incident Commander will be responsible for coordinating the preparation and submission of all required reports and will ensure their delivery to the appropriate agencies in a timely manner.

4. In instances where emergency work is performed to protect life and property, requirements for environmental review and permits may be waived or orally approved as provided in the State Environmental Policy Act, Hydraulics Act, Forest Practices Act, Shoreline Management Act, and Flood Control Zones.

- 5. Repair and restoration of damaged facilities may require an environmental impact permit prior to final project approval, requiring compliance with the State Environmental Policy Act, Forest Practices Act, Shoreline Management Act and Flood Control Act.
- 6. Properties of historic significance and archeological sites are protected by law. Non-time critical missions and recovery actions affecting these sites will be coordinated with the State Office of Archeology and Historic Preservation.
- 7. No services or assistance will be denied on the basis of race, color, national origin, religion, sex, economic status, age or disability. No special treatment over and above what would normally be expected in the way of City services will be extended to any individual or group in a major emergency or disaster situation. Local activities pursuant to the Federal/State Agreement for major disaster recovery will be carried out in accordance with RCW 49.60 Discrimination Human Rights Commission and Title 44, CFR 205.16 Nondiscrimination. Federal disaster assistance is conditional upon compliance with this code.
- 8. The Mayor and the Incident Commander, following a Declaration of Emergency by the Governor, have the authority to commandeer the services and equipment of citizens as necessary in response to the disaster. Those citizens are entitled to all privileges, benefits and immunities provided for emergency workers under state and federal emergency management regulations, RCW 38.52.110.
- 9. The Mayor and the Incident Commander are authorized to contract with any person, firm, corporation or entity to provide construction work on a cost basis during emergency or disaster response operations, RCW 38.52.390.
- 10. All City departments will prepare and maintain an updated list of its personnel, special skills, facilities and equipment resources as part of their Emergency Operational Procedures. Any or all of these resources may be called upon during disaster or emergency situations.
- 11. Additional governmental resources may be called upon for assistance through the use of existing mutual aid agreements and through the Grays Harbor County Department of Emergency Services, Department of Emergency Management, and the Washington State Division of Emergency Management.

Emergency: A Situation that requires immediate action beyond the scope of normal City operations.

I. INTRODUCTION

The City of McCleary is located in an area that has not had a high risk of disaster. However, the Northwest is now being educated on the possibility of a catastrophic earthquake that could dramatically affect our way of life and our continued viability as a growing community. In addition to the potential earthquake activity in this area, it has also been recognized that many other events could severely impact our City. These other possible events are described in the Basic Plan and in the Hazard Vulnerability Analysis, (published under separate cover). The potential for a major disaster is present. The City takes seriously its responsibility to provide advanced information to citizens, to help minimize damage and injury in a disaster, and also to ensure effective communication and efficient service when a disaster occurs. Our obligations extend beyond the initial response to a disaster. The recovery from a disaster and the ability for our City to effectively operate in the weeks, months, or years following a major incident will be a direct result of how well we prepare.

When a disaster strikes, an emergency organization must be mobilized immediately. This plan will help the City make this mobilization quickly and effectively.

This document is a supplement to the CEMP and its Annexes.

II. PURPOSE OF THIS DOCUMENT

- 1. During emergencies, to answer the questions, "Who's in charge?" and "What should I do?"
- 2. During emergencies, to make sure that necessary jobs get done.
- 3. To provide for continuity of government during emergencies.
- 4. To help you understand the City of Oak Harbor Emergency Preparedness organization.
- 5. To provide guidance for disaster education and training.
- 6. To provide references to more detailed information.

III. SCOPE

This document is designed to be used by any department in any emergency that may strike the City of McCleary. The text of this document is short; if you need more detail, refer to the action checklists in this document, the documents at each work station in the EOC, or one of the documents referred to by reference or footnote.

IV. PRIORITIES

In an emergency, assign response efforts according to these priorities:

- 1. People trapped whose lives are in immediate danger from fire, flood, etc.
- 2. Life threatening fires, floods, leaks, etc.
- 3. Life threatening injuries.
- 4. Building collapse/major threats to property.
- 5. Lesser injured people.
- 6. Essential systems and services.
- 7. Recovery of fatalities.
- 8. Continuity of government.

(See Basic Plan, Appendix 2: Direction and Control)

v. The Emergency Operations Center (EOC)

The EOC serves as the center of the City's emergency operations. Under full activation, all of the functions of the Emergency Operations Plan, operating under the Incident Command System (ICS), described on pages 43-47, will be carried out from this location. If the primary location is not usable, the alternate location will be utilized.

A. Primary EOC: McCleary City Hall 100 South 3rd Street McCleary, WA 98557

B. Alternate EOC location: McCleary Fire Department 100 South 3rd Street McCleary, WA 98557

C. Alternate EOC location: Mobile Command Trailer

VI. <u>ACTIVATION</u>

A. Who can activate?

Who can activate the CEMP, in whole or in part? The plan becomes active when the EOC is activated. This occurs when:

The Mayor, Incident Commander (Police Chief), or his/her alternate, any department head, or the City employee with the highest degree of expertise in the emergency at hand activates the EOC. This person will be in charge (that is, be the Incident Commander) until relieved by the Police Chief or his/her alternate.

- or -

A state of local emergency has been declared by the Mayor or City Council.

- or -

A state of emergency or state of war emergency exists, either as declared by the governor or as defined in state or federal law.

B. Three levels of activation:

- 1. First level: <u>Normal Operations</u>. This is the time to familiarize yourself with the contents of this document, the Basic Plan and the Annexes, develop and update resource lists or Emergency Operational Procedures (EOP), and participate in disaster exercises.
- 2. Second level: <u>Partial Activation</u>. This may involve a smaller emergency that a limited number of responders can handle, or it may involve the early stages of what later becomes a larger problem. During Partial Activation, some positions may not be needed. Use of the EOC will be at the discretion of the Director of Emergency Services.
- 3. Third level: <u>Full Activation</u>. The EOC is activated, and all or most of the positions needed are filled. This involves an emergency requiring an all-out City (or greater) response effort.

Examples of Activation

| Type | Partial Activation | Full Activation | |
|--------------------|---|--|--|
| Earthquake | Some damage, some objects may fall, windows crack. | Injuries/building collapse | |
| Flood | Flood Impending evacuations Re | | |
| Fire | Third alarm or activation of strike teams or task forces from outside the area. | Conflagration, campaign fire, etc. | |
| Accident | 50 casualties | 100 + casualties | |
| Civil Unrest | Threatens the safety of others | At the direction of Police Department. | |
| Hazardous Material | Impending evacuation or major disruption to traffic patterns. | Required Evacuation | |

APPENDIX 1

OPERATIONS GUIDELINES FOR THE EMERGENCY OPERATIONS CENTER (EOC)

A. WHAT IS THE EOC?

EOC stands for Emergency Operations Center. Day-to-day operations are conducted from departments and agencies that are widely dispersed throughout the City. When a major emergency or disaster strikes, centralized emergency management is needed. This facilitates a coordinated response by the Mayor, Office of Emergency Management staff and representatives from City and non-City organizations who are assigned specific emergency management responsibilities.

The EOC operates under the nationally-recognized Incident Management System (IMS). An EOC provides a central location of authority and information and allows for face-to-face coordination among personnel who must make emergency decisions. The following functions are among those performed in the City of McCleary EOC:

- Receive and disseminate warnings.
- Develop policies.
- Collect and disseminate information from and to the various EOC representatives and, as appropriate, to County and State agencies, military and federal agencies.
- Prepare intelligence/information summaries, situation reports, operation reports and other reports as required. Maintain general and specific maps, information display boards and other data pertaining to emergency operations.
- Continue analysis and evaluation of all data pertaining to emergency operations.
- Control and coordinate, within established policy, the operations and logistical support of the departmental resources committed to the emergency operations.
- Maintain contact with support EOC's, other jurisdictions and levels of government.
- Provide emergency information and instructions to the public. Make official releases to the media and schedule press conferences as necessary.

B. RESPONSIBILITIES DURING AN EMERGENCY

Directed by the Mayor, the Director of Emergency Management has these responsibilities during an emergency:

- Organize, staff and operate the Emergency Operations Center (EOC).
- Operate communications and warning systems.
- Provide information and guidance to the public.
- Maintain information on the status of resources, services and operations.
- Direct overall emergency operations.
- Obtain support for the City of McCleary and provide support to other jurisdictions as required.
- Analyze hazards and recommend appropriate countermeasures.
- Collect, evaluate and disseminate damage assessment and other essential information.
- Provide status and other reports to the State of Washington Division of Emergency Management.
- Ensure that the procedures outlined in the City of McCleary Emergency Preparedness Plan are carried out.

VI. Phases of Disaster

A. Disaster Preparedness

Natural part of living in Washington State, and it is everyone's responsibility. For comprehensive information on how to prepare your household for the disasters we may face here in McCleary, use the links on the McCleary site. You will find many tips that will detail how to protect your family and household and your business.

1. Typical Problems Caused by Most Disasters:

- a. Prolonged loss of energy systems
- b. Loss of communications
- c. Loss of public services including police and fire
- d. Debris blocked streets
- e. Destruction of property
- f. Live power lines
- g. Contaminated water/environment
- 2. RESPONSE to disaster is the function of first responders: Fire-rescue, police, hospitals and other trained emergency personnel. When a large-scale event has occurred such as a flood or earthquake, that response needs to be coordinated. In addition to activating the Emergency Operations Center (EOC) and coordinating the response.

B. Hazardous Materials Response

Chemicals make much of our modern life possible. Those refreshing backyard pools are kept clean by chlorine products, which in concentrated form is a deadly gas.

C. Anti-terrorism

The United States is no longer just an observer of terrorist incidents. Reducing these attacks comes in the form of being prepared for the consequences. Preparation is focused on responders like police, fire-rescue and medical facilities. Medical facilities are normally impacted very heavily after a multi-casualty incident or attack.

D. Medical Response System

In partnership with local, State and Federal government agencies, OEM is formalizing a Medical Response System (MRS) in order to increase the capabilities to respond to a mass casualty incident such as a chemical weapon attack by a terrorist group.

VII. RECOVERY

1. The hardest phase of a disaster and requires personal and community motivation. It also requires advance planning for how we're going to recover. OEM coordinates the early stages of recovery, and guides assistance from the State of Washington and the Federal government.

2. Debris Removal Program

Earthquakes and other natural disasters spread debris throughout an area, blocking streets, clogging drainage canals, closing airports and creating unsafe conditions. Roads blocked by debris means that communities may be cut off from the normal rapid response by their police and fire-rescue units. The faster that debris is cleared the sooner utility repair crews can restore services and businesses can re-open.

The program has divided the city into zones, identified major roads to allow emergency vehicles safe passage, and sends designated removal teams to quickly clear debris.

3. Disaster Recovery Centers (DRC's)

After a disaster, the public will need access to three basic things:

- a. Access to emergency services
- b. Information
- c. Recovery supplies and services.

This means opening Disaster Recovery Centers in McCleary to have neighborhood-based, easily located centers to get as many recovery services as possible.

VIII. The Emergency Operations Center (EOC)

The EOC serves as the center of the City's emergency operations. Under full activation, all of the functions of the Emergency Operations Plan, operating under the Incident Command System (ICS), will be carried out from this location. If the primary location is not usable, the alternate location will be utilized.

A. Primary EOC:

McCleary City Hall 100 South 3rd Street McCleary, WA 98557

B. Alternate EOC location:

McCleary Fire Department 100 South 3rd Street McCleary, WA 98557

C. Alternate EOC location:

Mobile Command Trailer

X. THE EMERGENCY ORGANIZATION

A. Description

An emergency changes our working relationships. The major changes are:

Several agencies or departments work under the direction of one person, even though they normally work independently. Special purpose units may form to perform emergency tasks, such as emergency transportation of food. If you serve in such a unit, you become detached from your regular agency or department.

This document describes an emergency organization, complete with titles, job descriptions and duty checklists. This organization is based on the Incident Command System (ICS), which provides clear authority, direction, and communication during emergencies. This system can be used within one agency or department, or by several agencies and departments involved in the same emergency.

The ICS, because of its standardized organizational structure and common organizational and operational terminology, provides a useful and flexible management system that is particularly adaptable to incidents involving multi-departmental or multi-jurisdictional response. The ICS provides the flexibility to rapidly activate and establish an organizational form around the functions that need to be performed.

B. Who is in Charge?

This document is designed so that anyone can step in and follow the action checklist for any emergency position, including the position of Incident Commander.

However, it is best to fill the Director's position with qualified people in this order:

- a. Police Chief/Incident Commander.
- b. Public Works Director
- c. Fire Chief
- d. The City employee with the highest degree of expertise in the type of emergency at hand.

C. Emergency Personnel

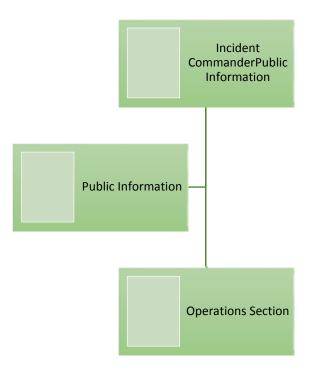

- 1. Order of personnel use. In an emergency, use available personnel in this order:
 - a. City employees.
 - b. Skilled individuals from other organizations.
 - c. Independent volunteers.
 - d. Citizens pressed into service by the director.

All of the above can be considered "emergency workers." City employees are automatically designated as such, whereas skilled workers from other organizations, both public and private would be used depending on our agreements and their functions (i.e., other cities would be utilized under Mutual Aid, Red Cross functions under their charter, etc.).

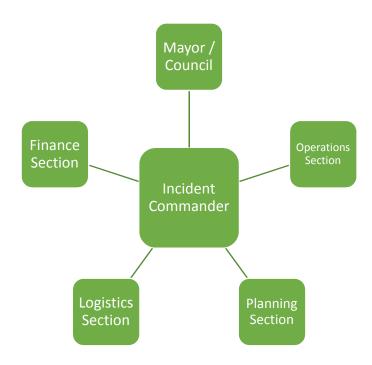

D. Emergency Organization

During normal City operations, this emergency organization exists only on paper. But, during an emergency it is designed to be activated and expanded as the need arises.

a. A partially activated organization would look like this:

b. A fully activated emergency organization would look like this:

XI. CONTINUITY OF GOVERNMENT

A. City Council

To provide for the continuation of the Council during an emergency, the Council may make necessary appointments at the time of the emergency in accordance with state law.

B. City Officials

Depending on the extent of the emergency, the normal City organization may be partially or completely replaced by the emergency organization and City officials may or may not be fully occupied with their emergency roles.

C. Temporary Locations

If any City offices become unusable, the temporary designations for each City department will be used. These designations have (or will be) determined and listed in the Basic Plan and Annexes, or in the Emergency Operational Procedures provided by each department or division within the City.

XII. EMERGENCY POWERS

A. Proclamation of an Emergency

The Mayor has the power to declare a local emergency and to request the Governor to declare a state of emergency. The City Council will be advised of any proclamation of the Mayor as soon as possible.

B. Command and Control

Under the direction of the Mayor, the Incident Commander has the power to direct staff and civilian responses, and to settle questions of authority and responsibility.

C. Emergency Rules and Regulations

If necessary to protect life, property or to preserve public order and safety, the Mayor may promulgate rules and regulations, provided, however, such rules and regulations must be confirmed at the earliest practicable time by the City Council.

D. Resources

In a declared emergency, the Mayor and/or the Incident Commander have the authority to buy or commandeer supplies and /or equipment, and may command the aid of citizens.

E. Suspension of Regulations

The Governor has the power to suspend state agency orders, rules, or regulations that may impede emergency responses.

XIII. LEGAL IMMUNITIES

In a declared emergency, the City and its employees are immune regarding injuries as a result of actions taken during the emergency when acting as emergency workers.

XIV. EMERGENCY COMMUNICATIONS

During a major emergency, your ability to communicate with City emergency personnel, other organizations, and the public is critical. However, communications systems may be damaged and overloaded, making communications difficult. There are a number of communication systems available

XV. OTHER ORGANIZATIONS

A. Mutual Aid

Since McCleary's resources may be stretched to exhaustion during an emergency, we have mutual aid agreements with other governments. Generally, mutual aid starts locally and ascends in this order:

- a. Local Municipalities
- b. County(s)
- c. State
- d. Tribal nations
- e Federal
- f. International

B. Financial Aid

- a.
- a.
- b.

C. Lines of Authority

Lines of authority during an emergency are as follows:

- a. Governor of Washington.
- b. Director, Washington Department of Emergency Management.
- c. Director, Grays Harbor County Department of Emergency Services.
- d. Incident Commander, City of McCleary.

D. Military

Military aid is usually provided by the National Guard. Their role is to assist, but not substitute for, City response efforts. They can respond in crisis situations without direction from the Governor. However, this is a rare occurrence. To request help from the military, contact the County Department of Emergency Management.

E. Business and Industry

The Incident Commander may buy supplies and services for use during emergencies. If necessary, he may commandeer what the City needs. The goal is to plan and coordinate such activities with businesses prior to an emergency.

APPENDIX 2

XIX. DIRECTION AND CONTROL / CONTINUITY OF GOVERNMENT

I. PURPOSE

To provide guidance for the direction, control, and coordination of emergency management activities within the City of McCleary.

II. CONCEPT OF OPERATIONS

A. Direction and Control

- 1. The Incident Commander (Police Chief) is responsible for the overall direction and control of the emergency preparedness activities for the City of McCleary. The authority for direction and control of the organization and administration of the emergency preparedness program is found in RCW 38.52.
- 2. The Incident Commander is responsible for ensuring emergency preparedness activities, response to emergencies and disasters, and the coordination of the recovery from emergencies and disasters are effectively carried out within the City of McCleary.
- 3. Each McCleary City Department shall have a pre-established location and an alternate from which to establish direction and control of its respective activities in a disaster. This location may be the EOC or other suitable location, depending upon the magnitude and circumstances associated with the event. If the location established is not the EOC, the individual in charge will be responsible for documenting staff activities and maintaining active communication with the EOC regarding status and resource needs.
- 4. The City Council is responsible for City-wide policy decisions. The Emergency Preparedness Council provides policy recommendations to the City Council during times of emergency or disaster.
- 5. The day-to-day organizational structure of City departments shall be maintained as much as practical during emergency and disaster operations. Each City department shall have a line of succession to the department director/head.

B. Coordination

- 1. The Department of Emergency Services is the lead agency for facilitating the coordination of emergency preparedness activities among local, state, federal, and private sector agencies with the City of McCleary.
- 2. Each City department shall provide personnel to staff the EOC upon request and shall establish a call-out list for rapid mobilization of the department and staffing of the EOC.
- 3. Each employee is responsible to notify their department of any home phone number or address changes that would affect this call-out list. (A confidential employee phone list to be on file at the EOC.)
- 4. Each employee is responsible to advise the City at the earliest opportunity of his/her location and availability in the event of an emergency or disaster.
- 5. The Department of Emergency Services will coordinate the contacting of families of employees in the event of an emergency or disaster.

C. Facilities

- 1. The McCleary City Hall, located at 100 South 3rd Street McCleary, WA 98557, and serves as the primary EOC for the City. The 1_{st} alternate EOC McCleary Fire Department Building D location is located at 100 South 3rd Street McCleary, WA 98557. Alternate EOC location is?????. The primary EOC and 1_{st} alternate location are capable of being staffed 24 hours a day and has back-up power.
- 2. Other alternate locations for an EOC may be identified as the situation warrants.
- 3. The Incident Commander is responsible for developing and maintaining EOC Guidelines, facility equipment, and supplies.

D. On-Scene Management

- 1. On-scene management of emergencies will follow the Incident Command System (ICS), as published by the National Fire Academy and the National Emergency Management Institute. The functions of the Incident Command System include but are not limited to:
 - a. Incident Commander Directs on-scene operations.
 - b. Safety Officer Oversees safety of operations at the scene.
 - c. Liaison Officer Coordinates information and support function groups.
 - d. Public Information Officer Media relations and emergency public information.
 - e. Operations Support Perimeter control, evacuation, rescue, clean-up, emergency medical, decontamination.
 - f. Logistics Support Communications, transportation, supplies, special equipment.
 - g. Planning Support Situation reports, resources, documentation, and technical advisors.
 - h. Finance/Administrative Support Contracts, time keeping, cost analysis, compensation, and claims.
- 2. The Incident Commander is the on-scene manager responsible for direction and control at the scene of the incident. The Incident Commander shall utilize the positions within the Incident Command System as deemed necessary at the time of the incident. The Incident Command System should only be activated to the level necessary for efficient operations. It is the responsibility of the Incident Commander to:
 - a. Assess the situation.
 - b. Develop incident objectives, action plans and priorities.
 - c. Ensure safety issues are addressed.
 - d. When activated, contacts the EOC to request necessary resources.
- 3. When more than one agency is involved in the response at the scene, the Incident Commander and other responding agencies should coordinate to ensure each agency's objectives are identified. Personnel working in support of the Incident Commander will maintain the normal chain of command through their respective agency and will carry out tasks through on-site command personnel or the EOC when instructed.
- 4. Washington Administrative Code (WAC) 296-824 requires the Incident Command System be used in responses to hazardous materials incidents and outlines specific requirements of the Incident Commander.
- 5. The Incident Commander may appoint a Public Information Officer when the situation warrants, to work with the news media at the incident scene. This may include coordinating media releases and arranging contacts between the media and response agencies. When possible, information released to the media should be coordinated through the EOC. The Public Information Officer shall be responsible for communicating released information to the EOC.

E. Proclamation of Local Emergency

- 1. The Proclamation of Local Emergency is made by the Mayor and is the legal method which authorizes the use of extraordinary measures to accomplish tasks associated with disaster response. The Proclamation is normally a prerequisite to state and federal disaster assistance. The City Council will be advised of the proclamation as soon as is practical for their information.
- 2. The City of McCleary is a non-chartered code City. As such, RCW 35A states the succession of authority by which proclamations may be issued. In the absence of the Mayor, such proclamations may be made by the Mayor Pro Tem.
- 3. The Proclamation authorizes the City to take necessary measures to combat a disaster, protect persons and property, provide emergency assistance to victims of the disaster, and exercise the powers vested in RCW 38.52.070 without regard to formalities prescribed by law (with the exception of mandatory constitutional requirements). These include but are not limited to:
 - a. Budget law limitations
 - b. Competitive bidding processes
 - c. Publication of notices
 - d. Provisions pertaining to the performance of public work
 - e. Entering into contracts
 - f. Incurring obligations
 - g. Employment of temporary workers
 - h. Rental of equipment
 - i. Purchase of supplies and materials
 - i. Levving of taxes
 - k. Expenditures of public funds
- 4. The Incident Commander, in cooperation with the City Attorney, shall be responsible for the preparation of emergency proclamations.
- 5. The Incident Commander is responsible for the notification of appropriate county, state, and federal agencies following any proclamation of emergency.

F. Request for Emergency Assistance

- 1. In the event a situation is beyond the capability of local and pre-designated mutual aid resources, the Incident Commander or his/her designee will request additional resources through the Grays Harbor County Department of Emergency Services for county, state and federal assistance as necessary.
- 2. Requests to the Governor to declare a State of Emergency are made by the Mayor directly to the Governor or through the Grays Harbor County Department of Emergency Services. This declaration by the Governor is necessary to obtain federal disaster relief funds.

III. RESPONSIBILITIES

1. Mayor

- a. Makes Proclamation of Local Emergency.

APPENDIX 3

PUBLIC INFORMATION

I. PURPOSE

To provide guidance in the dissemination of prompt, accurate emergency public information to the general public and the media during emergency and disaster situations, and to ensure a continuous flow of accurate information to the public before, during, and after an emergency or disaster.

II. CONCEPT OF OPERATIONS

A. Normal Operations

1. During normal, pre-emergency operations, information related to Emergency Preparedness activities and instruction will be coordinated and disseminated as required through the Incident Commander. Coordination with State and County emergency management organizations will be maintained.

B. Emergency Operations

1. During emergency or disaster operations, the Incident Commander will ensure that an appointed Public Information Officer is coordinating and disseminating information to the public. The Incident Commander will assist in the collection and the preparation of emergency information in the EOC for the Public Information Officer. The release of any information from the City of McCleary concerning emergency or disaster situations will be through the office of the Mayor.

C. Objectives of Public Information:

- 1. To warn the public of disaster dangers, their effects, and the proper action(s) to take to avoid or mitigate the dangers and/or their effects.
- 2. To instruct the public on preparedness and recovery measures.
- 3. To participate in stimulating the public to continue to prepare and to bolster the collective will to recover from a disaster.
- 4. To ensure accurate information is being received by the public, and reduce or eliminate rumors and speculation that may have detrimental effects.

D. Public Information - Distribution

- 1. Emergency Public Information instructions and guidance will be designed for and distributed to the following groups:
 - a. Government agencies, quasi-governmental agencies (including school systems), private businesses, and other institutions that have been assigned or are participating in emergency operations.
 - b. The general public.
 - c. Special groups, including but not limited to; non-English speaking people, those unable to relocate or protect themselves, people with mental or physical special needs, and people requiring public transportation.

E. Coordination of Information

1. The Public Information Officer and the Incident Commander will coordinate the release of all emergency public information and instructions with the State Division of Emergency Management, Grays Harbor County Department of Emergency Services, and other cities and counties in the Grays Harbor area to the best of their ability to ensure that no conflicting information or instructions are released.

F. Media Briefings

1. The news media will be requested to assist in dissemination of emergency public information and instructions. Regular briefings during an emergency or disaster will be scheduled for the media at a location selected by the Incident Commander.

G. Mayoral Responsibility

- 1. The Incident Commander will alert the Mayor on any partial activation or increased readiness activities in preparation for an anticipated emergency or disaster. The Mayor may choose to initiate emergency public information at that time.
- 2. After a "Proclamation of Emergency or Disaster" has been made by the Mayor, all emergency public information will be approved through the Mayor's office prior to release.

H. Copies of Emergency Information

1. Copies of printed emergency information and instructions for essential workers will be made available through their place of work.

III. <u>RESPONSIBILITIES</u>

A. Public Information Officer Assignment

The Public Information Officer assignments are identified in the EOC Guidelines. During emergency or disaster situations, the assigned PIO is responsible for and is the sole liaison between the news media and City Government, and is the source of all authorized public information released by the City. No other employee or emergency worker is authorized to speak for or release information, unless specifically directed to do so by the Incident Commander or the Mayor.

B. Other Departments Assisting

All other City departments that may possess public information/public relations staff or contacts that would assist the PIO will assist and support the PIO in accomplishing the mission of this Appendix. The Incident Commander will provide technical advice and assistance and special publications related to disaster preparedness, if required.

C. Field Release of Information

It is anticipated that some circumstances will require emergency public information releases at field command posts. In this event, the individual in charge at the location will notify the EOC and will provide detailed information regarding the nature of the need.

D. Mayor & Incident Commander

- 1. Appoints public information officer(s) to coordinate the dissemination of emergency public information.
- 2. Determines appropriate locations for public official and media briefings.
- 3. Coordinate with Grays Harbor County Department of Emergency Services and other local jurisdictions when information is to be released.

E. Public Information Officer

- 1. Gather and coordinate emergency public information for timely release to the public.
- 2. Notify appropriate agencies to assist in the dissemination of emergency public information.
- 3. Give information briefings to City officials, news media, and the public.
- 4. Coordinate with the Mayor's office on release of information.

F. City Departments

- 1. Provide timely information to the EOC regarding field activities and emergency public information issues.
- 2. Coordinate requests for assistance through the EOC.

DEFINITIONS & ABBREVIATIONS

DEFINITIONS

Adjutant General: Controls and directs state military operations.

Applicant: The state or local government submitting a project application or request for direct federal assistance under Public Law 93-288 or on whose behalf the Governor's Authorized Representative takes action.

American National Red Cross: The national organization of the Red Cross organized to undertake activities for the relief of persons suffering from disaster as stated in Section 3 of the Act of January 5, 1905, Chapter 23, as amended (36 USC 3) entitled "An Act to Incorporate the American National Red Cross."

Common Program Control Broadcast Station: An element of the Emergency Alert System. A primary broadcast station in each operational (local) area assigned the responsibility for coordinating the operations for the broadcasting of the common programming for the operational area.

Contractor: Any individual, partnership, corporation, agency or other entity (other than an organization engaged in the business of insurance), performing work by contract for the federal government, state, or a local agency.

Critical Infrastructure: Critical infrastructure is a term used by governments to refer to *physical, non-physical, and cyber resources* or assets and systems that are essential for maintaining government operations and the minimum functioning of the society and its economy.

Damage Assessment: Estimation of damages made after a disaster has occurred which serves as a basis of the Governor's request to the President for a declaration of Emergency or Major Disaster.

Disaster Analysis: The collection, reporting and analysis of disaster related damages to determine the impact of the damage and to facilitate emergency management of resources and services to the stricken area.

Disaster Assistance Center (DAC): A center set up in the disaster area where individual disaster victims may receive information concerning available assistance, and apply for the programs for which they are eligible. The Disaster Assistance Center will house representatives of the federal, state, and local agencies that deal directly with the needs of the individual victim.

Disaster Field Office: An office established jointly by the Coordinating Officer and State Coordinating Officer within the affected area for federal and state officials to coordinate disaster assistance and recovery efforts.

Emergency: "Any hurricane, tornado, storm, flood, high water, wind-driven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm, drought, fire, explosion, or other catastrophe which requires emergency assistance to save lives and protect public health and safety or to avert or lessen the threat of a major disaster.

Emergency Alert System: Consists of broadcasting stations and interconnecting facilities that have been authorized by the Federal Communications Commission to operate in a controlled manner during emergencies.

Emergency Protective Measures: Those efforts to protect life and property against anticipated and occurring effects of a disaster. These activities generally take place after disaster warning (if any) and throughout the incidence period.

Emergency Management: The preparation for and the carrying out of all emergency functions, other than functions for which the military forces are responsible, to minimize injury and repair damage resulting from disasters caused by enemy attack, sabotage, or other hostile action, or by fire, flood, storm, earthquake, or other natural causes, and to provide support for search and rescue operations for persons and property in distress.

Emergency Management Incident Numbers: Incident Numbers (formerly called Mission Numbers) issued by state and local emergency management organizations which cover the liability incurred by registered emergency workers within each affected county for the duration of bonified emergency management activities/missions. Incident numbers may be broken down into further categories to aid in administration and documentation of incidents as follows:

Search and Rescue Number Disaster Incident Number (from the same series as SAR) Training Number

Emergency Management Plans: Those plans prepared by federal, state, and local governments in advance and in anticipation of disasters for the purposes of assuring effective management and delivery of aid to disaster victims, and providing for disaster prevention, warning, emergency response, and recovery.

Emergency Worker: Any person who is registered with a state or local emergency management organization and holds an identification card issued by the state or local emergency director for the purpose of engaging in authorized emergency management, or who is an employee of the State of Washington or any political subdivision thereof who is called upon to perform emergency tasks.

Federal Agency: Any department, independent establishment, government/corporation, or other agency of the executive branch of the Federal Government, including the United States Postal Service, but shall not include the American National Red Cross.

Federal Assistance: Aid to disaster victims or state or local governments by federal agencies authorized to provide assistance under federal statutes.

Federal Coordinating Officer: The person appointed by the President to coordinate federal assistance in an Emergency or a Major Disaster.

Federal/State Agencies: The agreement signed by the Governor and the Regional Director of the Federal Emergency Management Agency, specifying the manner in which federal assistance will be made available for a Presidential Declaration of Emergency, Fire Suppression, or Major Disaster, and containing terms and conditions consistent with applicable laws, executive orders, and regulations as the Administrator of FEMA may require.

Governor: The Governor of this state, or in case of removal, death, resignation or inability to discharge the powers and duties of office, that person who may exercise the powers of governor pursuant to the Constitution and laws of this state relating to succession in office.

Governor's Authorized Representative: That person named by the Governor in the Federal/State Agreement to execute on behalf of the state all necessary documents for disaster assistance following the declaration of an emergency or a major disaster, including certification of applications for public assistance.

Grant Coordinating Officer: The state official assigned management responsibility for the Individual and Family Grant Program (IFG) after a Major Disaster declaration by the President. (If the program is requested by the Governor).

Hostile Actions: actions involving (1) attacks using conventional, biological, chemical, or nuclear weapons (2) Acts of domestic terrorism or sabotage (3) foreign embargo (4) any form of aggression that threatens the nation.

Individual Assistance: Financial or other aid provided to private citizens to help alleviate hardship and suffering, and intended to facilitate resumption of their normal way of life prior to disaster.

Incidence Period: For Emergencies or Major Disasters declared pursuant to PL 93-288, those days or parts thereof officially designated by the President or a representative as the dates upon which damages occurred.

Jurisdiction: The geographical area over which a specific governing body exercises direct authority, e.g., State of Washington and/or its political subdivisions.

Local Emergency: The duly declared existence of conditions of a disaster or of extreme peril to the safety or health of persons and property within local jurisdictional boundaries. The emergency may be declared by a mayor or chairman of the board of county commissioners and is normally issued prior to requesting state and/or federal assistance.

Local Government: Any county, City, village, town, district, or other political subdivision of the state, any Indian tribe or authorized tribal organization, and including any rural community or unincorporated town or village or any other public entity for which an application for assistance is made by the state or political subdivision thereof.

Local Organization for Emergency Management: An organization created in accordance with the provisions of RCW 38.52 by state or local authorities to perform local emergency management functions.

Major Disaster: "Any hurricane, tornado, storm, flood, high water, wind-driven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm, drought, fire, explosion, or other catastrophe in any part of the United States which, in the determination of the President, causes damage of sufficient severity and magnitude to warrant Major Disaster assistance under PL 93-288, above and beyond emergency management by the federal, government, to supplement the efforts and available resources of states, local governments, and disaster relief organizations in alleviating the damage, loss, hardship, or suffering caused thereby." (PL 93-288)

Pinpoint Disaster: A disaster, not caused by negligence or malicious action, which as determined by the Commissioner of Education, Department of Health, Education and Welfare (HEW) has destroyed or seriously damaged school facilities but which is local in effect and has not been declared a Major Disaster by the President.

Private Nonprofit Facility: Any educational, utility, emergency, medical, and custodial care buildings, structures or systems, including those for the aged or disabled and facilities on Indian reservations eligible for federal assistance under Section 402(b) of PL 93-288 as the result of a Major Disaster.

Private Nonprofit Organizations: Any non-governmental agency or entity that has applied for, and currently has, in effect, from the U.S. Internal Revenue Service, a ruling letter granting

tax exemption under Section 501(c), (d), or (e) of the Internal Revenue Code of 1954, or satisfactory evidence from the state that the non-revenue producing organization or entity is a nonprofit one chartered with the Office of the Secretary of State, or the State Auditor prior to the onset of the incidence period.

Public Assistance: Financial or other aid provided to political subdivisions and Indian tribes to facilitate restoration of public facilities to pre-disaster functions and capabilities.

Public Facility: Any flood control, navigation, irrigation reclamation, public power, sewage treatment and collection, water supply and distribution, watershed development, airport facility, nonfederal aid street, road, or highway, and any other public building, structure or system including those used exclusively for recreational purposes.

Regional Director: Director of a Regional Office of the Federal Emergency Management Agency (FEMA).

Standing Operating Procedure (SOP): A ready and continuous reference to those roles, relationships, and procedures, within an organization, which are used for the accomplishment of broad or specialized functions which augment the Comprehensive Emergency Management Plan.

State Agency: Any department, office, commission, or agency of state government.

State Area Command: The State Headquarters and Headquarters of the National Guard in each state, less elements required for the conduct of selective service activities, when ordered into active federal service. When mobilized, directs operational employment of all military forces made available for land defense or for military support to civil authorities.

State Coordinating Office (SCO): that person appointed by the Governor for the purpose of coordinated state and local disaster assistance efforts with those of the federal government.

State of Emergency: An emergency declared as such by the Governor pursuant to RCW 43 06 010

State Emergency Plan: As used in Section 201(b) of PL 93-288; that state plan which is designed specifically for state-level response to emergencies or major disasters and which sets forth actions to be taken by the state and local governments including those for implementing federal disaster assistance. In the State of Washington it is known as the Washington State Comprehensive Emergency Management Plan. Execution of the State Comprehensive Emergency Management Plan is prerequisite to the provision of federal assistance authorized by PL 93-288.

Tsunami: A huge wave caused by a submarine disturbance; as in an earthquake or volcanic eruption.

Utility: Structures or systems of any power, water storage, supply and distribution, sewage collection and treatment, telephone, transportation, or other similar public service.

Vector Control: Control of diseases spread by insects, rodents, etc.

Voluntary Organization: Any chartered or otherwise duly recognized tax-exempt, local, state, national organization or group which has provided or may provide services to the state, local governments, or individuals in a major disaster or emergency.

TRAINING, EDUCATIONAL SERVICES AND EXERCISES

I. PURPOSE

To identify and provide emergency preparedness training and education to businesses, residents, City employees and potential volunteer workers to ensure the best possible readiness for local government. For the purposes of training and education will encompass the concepts of the National Incident Management System.

II. CONCEPT OF OPERATIONS

A. Training and Education Priorities

- 1. Self-protection/Emergency Preparedness for essential workers and the public.
- 2. Mitigation, Preparedness, Response and Recovery education for essential City workers and the public.
- 3. Business and residential response team training for disasters

B. City Worker Training

The Department of Emergency Services is responsible for training and education of the City work force. Training or refresher training will be conducted to reinforce technical skills and to review operational plans and procedures. The Incident Commander will work with department or division representatives to tailor training periods that specifically relate to that department or division and their adopted Emergency Operational Procedures

C. Materials Screened Through Emergency Preparedness

To provide for the most efficient use of all instructions, educational materials, training aids, and facilities, all emergency training and education programs, and any educational material used, will be screened and approved through the Department of Emergency Services prior to distribution, regardless of whether distribution will occur in-house or outside the City work force.

D. Training of EOC Team

As training becomes available through the State Division of Emergency Management, the EOC team members will be informed of such training and encouraged to attend. It is the policy of the City of McCleary to allow EOC team members or other staff likely involved in direct emergency preparedness activities or responses to provide as much training and education as is possible.

E. City Department Responsibilities

Each City department or division (as appropriate) is responsible for ensuring their employees are trained in the concepts of the City's CEMP as contained in this document, and in their Emergency Operational Procedures.

F. Annual Exercises

The City of McCleary Department of Emergency Services will develop and implement at least one functional or full scale exercise to evaluate the effectiveness of the CEMP, determine areas needing adjustment and determine future training issues. (An actual occurrence and activation of the EOC may be substituted for the annual exercise, if the Incident Commander/Fire Chief makes such a determination.)

III. ORGANIZATION AND RESPONSIBILITIES

The Department of Emergency Services will be responsible for the designing and delivering the preparedness education programs. In addition, training to the City of McCleary elected officials will be made available on at least an annual basis. Elected officials training will focus on the responsibilities of elected officials before, during, and after a disaster, review of hazards in the community, the need for comprehensive emergency planning, as well as skills development in crisis decision making.

A. City Departments

- 1. Develops Emergency Operational Procedures, which define employees' responsibilities during emergencies.
- 2. Ensures each employee is given the opportunity for training on the SOPs.

EMERGENCY SUPPORT FUNCTION - 1

TRANSPORTATION ANNEX

Lead Agency: Incident Commander

Support Agency: Public Works Department

I. <u>PURPOSE</u>

To provide for the effective coordination, mobilization, use and maintenance of available transportation services and resources required to meet emergency needs of the City of McCleary and supporting organizations.

II. CONCEPT OF OPERATIONS

A. Primary Movement

The primary movement of people, equipment, and supplies will be by privately owned vehicles, common carrier trucks, privately owned trucks and mass transit or para-transit busses. Other transportation systems such as air and water transport, will be used as secondary or back-up systems. In the event that Deception Pass Bridge in inoperable, air and or water transportation would become the primary means of emergency transportation.

B. Providers Responsibility

Transportation system providers or operators (whether public or private) will operate their own systems and facilities to provide the maximum essential services and support possible.

C. Mission Specific Requests

Transportation support responsibilities and requests will be assigned on a mission by mission basis, depending upon the nature and location of the emergency or disaster.

D. Rationing

Consumer rationing regulations, as specified by the City, County, State or Federal governments, or all, will be adhered to in providing fuel for operation of transportation equipment.

E. Private Vehicle Use

Minimum use of private vehicles will be recommended in order to conserve fuel supplies, spare parts, and expense. The public will be informed of restrictions on private vehicle use to avoid confusion and reduce congestion under disaster circumstances.

F. User Requirements

Users of transportation systems or carriers, including the City of McCleary and its departments, are responsible for establishing their own internal transportation procedures. They are also responsible for arranging directly with carriers for actual accomplishments of movement, unless restrictions are placed on a carrier during a disaster. This does not apply to those situations that are coordinated from the EOC.

G. Primary Human Transport

Automobiles, vans, buses, and light trucks will be used as a primary source of transportation of people.

H. City Owned Vehicles

All City-owned vehicles are subject to requisitions for emergency transportation services and may be assigned as required during a disaster. The regular driver of any City-owned vehicle may be required to staff the vehicle during a disaster as required or assigned from the EOC.

I. City Motor Pools

During and immediately after a disaster, City of McCleary motor pools will be established by:

- 1. Mobilizing those resources owned by the City through mutual aid or other agreement or contract.
- 2. Facilities to be used include all City owned facilities, those owned by County, State, or Federal agencies, and subsequently, other facilities owned and operated by private individuals, corporations, or institutions.

J. Maintenance

Maintenance priorities will be established consistent with the requirements of the disaster or emergency in progress. Maintenance of vehicles used to transport people, particularly in evacuation prone circumstances, will be given first priority.

K. Priority

Vehicles will be dispatched for use according to a priority system. Priority will be awarded to those services primarily concerned with fire, rescue, law enforcement and crowd and traffic control and other services whose specific responsibilities provide health functions for the City of McCleary. Establishing priority will be consistent with and reflect the nature of the existing circumstances, as determined by the EOC or Incident Commander.

III. ORGANIZATION AND RESPONSIBILITIES

A. Primary Responsibility

The basic, primary responsibilities for direction, control, and coordination of the emergency transportation services for the City of McCleary are assigned to the Incident Commander. The authority to accomplish various emergency transportation activities shall be given to departmental staff and division managers as directed. Overall direction, control, and coordination authority will be given to the Transportation Unit coordinator in the Logistics Section of the EOC.

B. Incident Commander

1. The Director shall ensure the Transportation Unit of the Logistics Section is staffed as needed.

C. Public Works

- 1. The Public Works Department has the primary responsibility of staffing the Transportation Unit.
- 2. Public Works will establish priorities and policies for use of City-owned vehicles and services.
- 3. The department shall coordinate the maintenance, use, and allocation of City-owned resources to City Departments or divisions for emergency transportation of people, supplies and equipment, through the Transportation Unit.
- 4. Coordinate with the Purchasing Manager as required for the rental of equipment required for emergency transportation of people, equipment, and supplies.
- 5. Create and maintain an Emergency Resource Manual identifying public and private resources available to the extent the emergency would include the loss of Deception Pass Bridge. This list must include air and marine assets capable of transporting people, equipment, and supplies including fuel.
- 6. Assign and select alternates for assignment as the Transportation Unit Coordinator.

EMERGENCY SUPPORT FUNCTION - 2 COMMUNICATIONS ANNEX

Lead Agency: ????

Support Agencies: All City of McCleary Departments

Amateur Radio Operators

I. PURPOSE

To provide for the receipt and rapid dissemination of warning information, protection instructions and related intelligence, and to alert key City and private sector individuals to potential or existing hazardous conditions.

II. CONCEPT OF OPERATIONS

Upon receiving information on potential hazardous conditions from one or more reliable sources, the recipient will copy the information and alert the Incident Commander. He/she will, if necessary, consult with the Mayor's office and/or the Emergency Preparedness Council to determine what necessary actions should be taken.

If action is required, the Incident Commander will inform key officials and/or departments, news media, and others regarding the information and any instructions necessary, according to the type of disaster situation.

III. ORGANIZATION AND RESPONSIBILITIES

A. Emergency Alert System

1. The Emergency Alert System (EAS) will be used in the event of a disaster or hazardous incident where mass media is needed to alert the public quickly.

B. Secondary Warning Systems

1. Agencies and organizations within the City having a communications and public access capability will assist in the dissemination of warning messages and information.

C. City Personnel

The City departments/offices/divisions with emergency services responsibilities will alert their personnel in accordance with department Emergency Operational Procedures which provide for the alerting of designated personnel during both duty and non-duty hours.

IV. ORGANIZATION AND RESPONSIBILITIES

A. City Government

- 1. Provide warning information and instructions to key officials and essential workers of each department, division, or office.
- 2. Provide warning, information and instructions to private sector resource providers that may be called upon to support City emergency response efforts.
- 3. Direct department and office field units to use all personnel/equipment available to assist in the warning of the public.

B. Mayor

 Evaluate warning information and coordinate with the Incident Commander, Public Works Director, and Fire Chief on the dissemination of warning and instruction to the public and key officials.

C. Incident Commander

- 1. Coordinate the dissemination of warning information, instructions, and related intelligence to the Mayor and the Fire Chief.
- 2. Ensure warning information is given to the public through all available methods.

D. Police Chief

1. Coordinate the dissemination of warning information, instructions, and related intelligence with the Incident Commander and the Mayor.

COMMUNICATIONS

I. PURPOSE

To organize, provide, and maintain communications capabilities for emergency response operations and coordination with County, State, and Federal response agencies.

II. CONCEPT OF OPERATIONS

A. Objectives Defined

The basic objectives of emergency communications capability for emergency response are:

- 1. Provide reliable communications systems for day-to-day operations, disaster response and recovery operations, and coordination with non-City emergency response agencies, whether public or private.
- 2. Prepare for the effective use of existing communications systems under emergency conditions.
- 3. Provide for alternative communications systems in the event of failure or reduced effectiveness of existing systems.
- 4. Maximize the use of communications resources from the private sector.

B. Communications Systems

Emergency communications are dependent on systems owned, operated and maintained by both the public and private sectors, and used primarily to support day-to-day activities.

- 1. Telephone systems are the primary communications methods used for directing, controlling and coordinating emergency services.
- 2. Cellular telephone systems are the primary backup to the telephone systems and will be used to supplement two-way radio systems for field operations. Sensitive information that needs to be rapidly communicated to field units will be handled over Cellular telephone when possible.
- 3. Two-way radio is used as a second back-up to the telephone system and provides the primary method of communications with personnel conducting emergency services in the field.
- 4. Facsimile and/or e-mail communication systems will be used, if available and where appropriate, when communication of written material is required during and after a disaster.
- 5. Amateur radio systems owned, operated and staffed by volunteers are incorporated into this response plan, and will be the primary communications method used in transmitting and receiving information from County and State EOCs in the event telephone communications is disrupted.

6. Coordination with Citizen Band radio systems and organizations may be utilized based upon the needs of the City.

C. Control of City Communications

The operations, direction and control of the City communications system, under emergency conditions will be through the EOC as directed by the Incident Commander.

D. Planning and Coordination

- 1. All future significant City communications planning and upgrade shall take into consideration the City's communication system ability to withstand a disaster and its potential contribution to the City's overall communications ability in disaster response.
- 2. The City's EOC Team, made up of representatives of various departments and divisions, shall provide guidance of such communications planning, upgrade and use of general City communications assets, including any communications centers established by the City.
 - 3. Land use or other City codes or regulations that may impact amateur radio operations on City, business, or private property will be reviewed by the Department of Emergency Services to ensure the least amount of impact on amateur radio operations during emergency or disaster situations.

The EOC has the capability of transmitting and receiving on designated frequencies for Police, Fire, and Public Works. Other frequencies mutually available in the County are accessible through this communications center.

III. ORGANIZATION AND RESPONSIBILITIES

A. Department Responsibilities

Each department and office of City government shall be responsible for making available all communications resources to support City emergency services and/or operations.

EMERGENCY SUPPORT FUNCTION - 3 PUBLIC WORKS AND ENGINEERING ANNEX

Lead Agency: Public Works Department

Support Agencies: Development Services Department

Fire Department
Police Department
Parks Department

Other City Departments

I. PURPOSE

To provide for demolition of unsafe structures, debris and wreckage clearance; temporary repair of essential facilities; and the inspection of facilities for structural condition, shelter upgrades needs and safety.

II. CONCEPT OF OPERATIONS

A. Lead Agency Assignment

The City of McCleary Public Works Department is the lead agency for the coordination of activities involved in emergency engineering services, including all facilities owned both inside and outside the City boundaries. The Planning, Engineering, and Building Divisions, will be assigned to assist and provide technical information where necessary to the Public Works Department.

B City Infrastructure

The Public Works Department shall provide damage assessment of all City owned facilities, transportation routes, and essential City owned or leased building/structures. The department will provide for and coordinate emergency repair and restoration of City owned facilities and structures on a priority basis, selecting those facilities or structures based upon critical need. The priority order for emergency repair shall be:

- Buildings that house critical response units or staff
- Roads, streets or bridges that act as main evacuation routes
- Public facilities that serve or may need to serve as shelters
- Facilities providing essential services to the public (Water, sewer, etc.)
- Facilities used or needed to provide for emergency public information
- Debris clearance on City right-of-way

C. Coordination

D. Representatives

The Director of Public Works shall designate EOC representatives to coordinate field operations and resources from the EOC when it is activated. The representative to the EOC will normally be the Public Works Department representative on the EOC Team.

E. Public Works Operations

The Director of Public Works will establish a field operations center or field command post and will designate a communications operator to operate Public Works radio equipment, preferably from a different location other than the EOC. The Director shall provide for a communications operator to the EOC if requested by the Incident Commander to coordinate the allocation of City resources.

The use of command posts for field operations will be the normal method of coordination at the scene. The On-Scene commander for Public Works shall provide regular and timely status reports regarding any needed emergency public information to the Public Works Operations Center. This information will be coordinated through the EOC. In the event of a multiple department or agency response, co-location of command posts or a Unified Command, is the preferred method of operation.

<u>The</u> alert process to obtain Public Works personnel shall be the normal established callout method established by the Public Works Department. Should this become unavailable or fail, the emergency public information system(s) will be used to call out necessary staff or runners will be sent to make direct contact.

F. Additional Staff/Volunteer Assistance/Special Equipment

Additional personnel, be it other governmental agency or volunteer assistance and equipment support will be organized and used as may be required due to the nature of the incident. The City of McCleary shall utilize all its resources prior to requesting outside assistance.

If an incident is beyond the scope of the City of McCleary or it resources, the Grays Harbor County Department of Emergency Services shall be requested through the EOC to assist in providing any such requests.

III. ORGANIZATION AND RESPONSIBILITIES

The Public Works Department has under its span of control large and diverse responsibilities.

The following list outlines specific responsibilities for all of Public Works, regardless of the divisional breakdown of the Department.

The Department shall ensure that the responsibilities listed here and in the Basic Plan are adequately addressed in their Emergency Operational Procedures.

EMERGENCY SUPPORT FUNCTION - 4 FIREFIGHTING ANNEX

Primary Agency: Fire Department

Support Agencies: Incident Commander

Public Works
Police Department

I. PURPOSE

To provide for the command, control and coordination of fire prevention and suppression services within the City of McCleary.

To provide for the coordinated use of emergency rescue, basic emergency medical services, and advanced life support services.

To provide for the coordinated use of fire department and support agency resources in the decontamination of personnel, equipment, and facilities contaminated by hazardous materials.

II. CONCEPT OF OPERATIONS

A. Lead Agency

The McCleary Fire Department is the lead agency for fire suppression, emergency medical, rescue, and hazardous materials activities within the City of McCleary. The department may work in coordination with other City departments and outside agencies as necessary.

B. Mutual Aid and Assistance

Request for assistance may be made through these existing mutual aid agreements, or, when not available through normal channels. The EOC will coordinate assistance from County or State government.

C. Communications

Communications will be through established channels and means. Unless absolutely necessary, the EOC will not be used as the primary communications point for the Fire Department.

D. Alerting

The McCleary Fire Department is responsible for the notification methods and procedures used in alerting or mobilizing off duty personnel. Unless otherwise indicated, the normal alert methods will be used to call off duty personnel. Back up notification shall be by the emergency public information procedures.

E. EOC Response

The Fire Department, through the Fire Chief or his/her designee, will provide staff to the EOC for the Operations Section Fire Unit.

F. Fire Department Control

The Fire Chief shall provide direction and control over department resources and coordination with the EOC. Department personnel shall operate according to specific directives, department Emergency Operational Procedures and exercising reasonable personal judgment when unusual or unanticipated situations arise and command guidance is not available.

G. Incident Command

The on-scene management of emergencies will follow the Incident Command System. Command posts may be established for the coordination of field operations. The On-Scene Commander shall provide regular status reports to the EOC. The coordination of resources and requests for assistance will normally be through the EOC. Co-location of command posts or Unified Command will be the preferred method of field operations when multiple departments/agencies have command posts established or when multiple agencies are involved in the response.

I. Grays Harbor County Plan

Coordination for assistance from Grays Harbor County will be handled through the EOC. The Grays Harbor County EOC and the McCleary EOC will remain in close communications to ensure proper resource allocation occurs.

III. ORGANIZATION AND RESPONSIBILITIES

A. Lead Department

The McCleary Fire Department is responsible for direction, control and the coordination of emergency fire, medical, rescue, and hazardous materials response for the City.

B. City Departments

Other City departments and requested agencies will render the appropriate assistance when requested or required.

C. Fire Department

- 1. Provides fire suppression and control, and immediate life safety services within the City of McCleary.
- 2. Develops lists of resources which includes apparatus, equipment, personnel and supplies.
- 3. Develops Emergency Operational Procedures for use during major emergencies or disasters.
- 4. Provides a representative to the EOC to assist in the prioritization and coordination of Citywide response efforts as well as regional coordination with Grays Harbor County and the Region when appropriate.

D. Incident Commander

- 1. Provides coordination and notification of outside agencies providing operational support.
- 2. Supports operations through the coordination of resources not available through mutual aid.
- 3. Assists in the coordination with the Grays Harbor County EOC and Washington State EOC.
- 4. Activates the EOC per the CEMP.

E. Public Works

1. Supports Fire Department requests for resources as required.

F. Police Department

1. Supports Fire Department requests for traffic or scene control and evacuation as required.

EMERGENCY SUPPORT FUNCTION - 5 EMERENCY MANAGEMENT ANNEX

Lead Agency: Incident Commander Support Agencies: Fire Department

Public Works Department

Development Services Department

Police Department

I. PURPOSE

To collect, report, and assist in the evaluation of disaster information throughout all phases of an emergency or disaster; to provide a system to facilitate warning, emergency response, emergency public information, disaster analysis, local (Grays Harbor area) requests for state assistance, emergency and disaster proclamation preparation, damage assessment, and recovery efforts.

II. CONCEPT OF OPERATIONS

A. Initial Reports

Initial reporting of disaster or emergency effects will be made by field personnel to the EOC. After a disaster proclamation has been made by the Mayor, operational readiness reports and operational situation reports will be made to the Incident Commander and coordinated through the Planning Section Head. All reports will be evaluated and used by the Incident Commander in evaluating initial situations and reporting of the initial situation to the City staff, the County, and the State.

B. City Department Reporting

All City departments are required to keep the EOC informed as to their status of readiness, needs, and situation. All departments and/or divisions/offices will make situation reports to the EOC when so required.

C. City Department Assignments

Each City Department (or division, as necessary) will be requested by the EOC to assign the coordination and control of reporting and receiving reports to one staff member.

D. Use of Reports

Operations reports will provide a basis for:

- 1. Briefings of the Emergency Preparedness Council
- 2. Briefings of government officials
- 3. Requests for assistance
- 4. Allocation of essential resources
- 5. Damage assessment

E. Information Dissemination

All information collected will be analyzed, evaluated, and made available to departments and agencies involved in emergency operations. Methods of dissemination will be through briefings, display boards, computer bulletins, and reports.

F. Damage Assessment Reports

Damage assessment reports are the most critical in terms of recovering costs in the event of a presidential declared disaster, or an event of such magnitude that other federal or state agencies may be available for monetary assistance. Reports on damage in the categories of public, private, and agriculture (if any) will be made available to State and Federal agencies and other political subdivisions in support of operational needs and recovery issues.

G. Post-Disaster Reports

Reports generated during an event will be collected and organized through the Planning Section Head. After an event, these reports will be used to generate a thorough analysis of the event and the City's performance, what areas were deficient, and what steps are needed to correct any deficiencies. This analysis will include financial assessments and impacts, as required.

H. Briefings

Daily briefings will be held for the purpose of updating the Mayor, other elected and key officials, and the media. The situation reports will be used as a basis for this briefing. Briefings may occur at more frequent intervals if warranted by the nature of the event.

I. Collection Point

The collection and dissemination of written reports provided for in this Annex will be accomplished from the EOC and approved by the Incident Commander. Briefings concerning information generated through these reports will be made at announced locations.

J. Public Access

Information and reports collected by the City as part of an emergency or disaster made under this annex may be released as public information only with the approval of the Incident Commander. All individuals gathering such information and generating reports will refer all requests for information and copies of reports to the Department of Emergency Services.

III. ORGANIZATION AND RESPONSIBILITIES

A. Emergency Preparedness Response

Under normal operations, no one agency is assigned the responsibility of collecting information and preparing reports. Under disaster situations, this responsibility falls on the Incident Commander. The Director will appoint a Planning Section Head to coordinate data collection, information analysis, and preparation of reports.

B. Damage Assessment

Under normal conditions, the City's Public Works, Fire, and Police Departments have the responsibility of damage assessment and reporting of City conditions. Under emergency disaster situations, the lead departments for damage assessment are; the Public Works Department for public facilities and the Development Services Department for residential and business property. The Fire, Police and Public Works departments are assigned to assist in the gathering of information.

C. City Support

Records, data, and information collection and analysis personnel of all City departments are considered support resources to both Operational Reports and Damage Assessment coordination.

D. Field Support

All field forces of all City departments will be used in the collection of information and data for reports and damage assessments.

E. Incident Commander

- 1. Shall have overall responsibility for directing and controlling City government emergency reports.
- 2. Shall work with the Planning Section Head, and give appropriate guidance and direction to carry out the assigned tasks and responsibilities to the Document Unit.
- 3. The Document Unit will collect, code, and prepare operational readiness reports, damage reports, and operations situation reports for distribution.
- 4. Ensures that operational reports are forwarded to the State division of Emergency Management, as required.
- 5. Provides information, guidance, forms, and instructions to all City government agencies for the retention of information and supporting data and procedures for forwarding operational reports and information through the EOC.

F. City Departments

- 1. Shall make disaster reports to the EOC when so required.
- 2. Assign the coordination and control of reporting responsibility to one individual.

G. Public Works

- 1. Shall conduct damage surveys and situational evaluations of the City's buildings and structures, utilizing assistance from the Building division.
- 2. Through the Operations Section Head, shall direct and control City damage assessment operations throughout all emergency operational periods.
- 3. Shall provide a damage assessment coordinator, giving appropriate authority to carry out assigned responsibilities.
- 4. Shall coordinate the provision of damage assessment information and data to the Planning Section Head or the Situation Unit.
- 5. Establish procedures for obtaining information on damage from private sector organizations and Grays Harbor County Government agencies if required or necessary.

H. Development Services Department

- 1. Provides personnel to conduct damage surveys and situational evaluations of both public and private property; and assists the Public Works department in assessing other public property such as roads, streets, bridges, utilities, etc.
- 2. Assists the damage assessment coordinator by providing damage analysis and assessments of the above facilities and systems as soon as emergency or disaster operations permit.

I. Fire Department and Police Department

1. In addition to the City department responsibilities, provides assistance to the damage assessment coordinator in providing "windshield survey" information.

J. Human Resources

1. In addition to the City department responsibilities, will provide emergency worker volunteers that may be able to assist in damage assessment activities.

EMERGENCY SUPPORT FUNCTION ESF - 7 LOGISTICS MANAGEMENT AND RESOURCE SUPPORT ANNEX

Lead Agency: City Administration (Mayor/City Administrator)

Support Agencies: All City Departments

RESOURCE SUPPORT

I. PURPOSE

To provide for the effective utilization and conservation of available local resources of the City of McCleary; and to coordinate the provisioning of available regional resources with surrounding cities, Grays Harbor County, State of Washington, and the Federal Government.

To administer economic stabilization measures, as authorized, through coordinated rationing of food, fuel, and other essential items and by stabilization of prices and rents, including sales prices of real property, as authorized.

II. CONCEPT OF OPERATIONS

A. Mobilization Responsibilities

In order to carry out its resource mobilization responsibilities effectively, the City will make provision for the development and administration of policies, programs, and measures for the management of each major category of resources under its emergency control and the overall coordination and direction of its resource program.

Responsibilities for administering individual resource programs will be assigned, as much as possible, to existing departments or divisions within the City of McCleary government, with the appropriate utilization of private business as appropriate.

Emergency management of any resource will involve the following functions:

- 1. Evaluating the relationship between the current and probable future supply of and the requirements for a particular resource.
- 2. Determining the extent to which available resources can be used to meet current operating needs as compared with longer-range needs.
- 3. Taking actions necessary to channel resources for use in essential activities.
- 4. Ensuring the most effective use of existing and potential supplies of the resource and to take measures to improve the future supply situation.
- 5. Evaluating and adjusting such policies, programs and measures to meet new emergency needs and conditions, and changes in the supply and requirements of a given resource.

B. Free Market

A free market economy and existing distribution systems will be maintained to the maximum extent possible as the primary means for continuing operation of the Cities and regions economic and private sector systems. However, efforts to support regional, state, or federal requests in support of mobilization efforts, for whatever hazard, may require a modification of normal business procedures.

C. Controls

Where government resource management is required, voluntary controls, as opposed to mandatory controls, will be encouraged. It is the policy of the City of McCleary that controls will only be placed where necessary and be removed as soon as possible.

D. Regulation of Activities

Activities may be regulated based upon the availability (or lack) of a commodity in short supply. The control of a commodity necessary to the essential survival of the general population or the government will take precedence over any activities that are nonessential.

E. Regulations Transferred

Regulations that are used to control one resource may be used to control other resources. The duplication of regulations will be avoided if at all possible in the controlling of resources.

F. Public Information

The public will be encouraged to cooperate with emergency resource management measures imposed by the City through aggressive public information programs.

G. Preparedness Activities

It is the policy of the City of McCleary to ensure a continuing state of preparedness within the City to manage its own resources and those available to it on a day-to-day basis. Normal City organizational responsibilities will be used as much as possible to ensure this is accomplished.

H. Emergency Services

During and directly after a disaster, emergency service needs will become the major users of resources. Resource needs will be coordinated through the EOC. Needs for resources will be submitted and coordinated with the County and State Emergency Management organizations.

I. Primary Resources Defined

The primary categories of resources and services deemed most essential to the survival and recovery of the City and region are: food, water, construction and housing, electrical power, telecommunications, medical and health services, natural gas, petroleum, transportation, and personnel.

J. Staging

The following is a list of disaster staging areas that have been pre-selected in the event of a large-scale emergency or local disaster situation. These locations will be utilized by the Operations Section within the EOC where responding units/organizations may stage personnel, supplies, and equipment in response to, and support of, the emergency situation. These areas may also function as temporary storage facilities of heavy equipment and material, if so required.

Should any of the listed staging areas not be available due to the effects of an emergency or disaster, or for any other reason, alternate locations will be selected by the EOC and in coordination with responding field forces.

III. ORGANIZATION AND RESPONSIBILITIES

A. National Obligations

In the event of a limited national defense and/or security emergency, City government would support national resource mobilization policies and goals by complying with Federal rules and regulations on resource production, distribution, conservation, and use, as they pertain and are communicated to us through the State Emergency organization.

B. Assumption of Responsibility

In the event of a general national defense and/or security emergency, City government would, as required, direct the conservation, distribution (including rationing), and use of those resources essential to the protection and general welfare of the people of the City until effective Federal or State direction and control could be established. The City will not assume responsibility for managing those resources under the jurisdiction of a Federal or State agency capable of providing that function. However, the City will **assist**, if requested by the controlling agency, by providing whatever resources it has available.

C. Liaison

In addition to the Liaison position in the EOC, the Incident Commander, along with the Mayor, shall select business or industry representatives to serve as liaison between the private sector resource providers and the EOC, and to act as advisors on production, distribution, and use of resources available.

D. Authority and Control

State and local government controls over specific resources and economic activities are assigned by State emergency operations, State statutes, County charter and City ordinances.

- 1. There are basic measures or forms of economic stabilization available to the City for mobilization of resources in any emergency. They are designed to achieve two basic purposes: Control the use of resources
- 2. Increase the supply of resources

The basic measures or forms include:

1. Indirect - Voluntary and indirect control measures include special financial arrangements to encourage expanded function, and training and information through Public Information to solicit voluntary cooperation from the public and from industry.

- 2. Direct Mandatory direct control measures include priority systems of distribution, allocation systems, production directives, conservation measures, consumer rationing, anti-hoarding measures, and construction (or restriction) directives.
- 3. Anti-hoarding The authority to prohibit the accumulation and hoarding for business, personal or home consumption.
- 4. Priority The authority to require that performance under contracts and orders deemed necessary to promote stability after a disaster would take priority over any other contract or order (i.e. National defense and security would be priority over other activities).
- 5. Allocation The authority whereby a scarce and critical item, material, commodity or product, could be assigned or reserved for exclusive use.
- 6. Requisitioning The authority whereby, in certain urgent circumstances and under certain specified conditions, the City may obtain the use of any equipment, materials, supplies, components or facilities and other real property needed, provided just compensation is made.

E. Primary Responsibilities

The primary emergency resource management responsibilities of the City are:

- 1. To maintain or restore vital facilities and essential public services.
- 2. Provide essential supplies.
- 3. Exercise government control of acquisition and disposition of local resources.
- 4. Monitor rebuilding and rehabilitation of privately owned homes and facilities
- 5. Maintain, repair or restore local roads and utilities, provide emergency supplies of water, power and transportation; inspect, demolish and remove debris from hazardous structures and areas.
- 6. Maintain inventory and control of food, water, medical supplies, petroleum products and other essential supplies and equipment; re-supply shelters.
- 7. Monitor emergency shutdowns of industrial facilities and issue building, electrical and other construction related permits requiring conformity with City, County, and State statutes.

F. Mayor (Executive)

- 1. Have the primary responsibility for managing locally available resources as authorized by Federal and State plans and laws.
- 2. Appoint ration, price control, and/or rent boards or any sub-boards or committees which may be required for the City to assume the emergency duties as indicated in the Washington State Emergency Resource Management Plan.
- 3. Establish specific priorities in the assignment and use of all resources, including personnel, food, water, health resources, fuel, electric power, transportation, communications, and other survival items and services.

G. City Council

1. Responsible for making policy, adopting and enacting ordinances and motions to place economic controls into effect, as authorized by state statutes.

H. Incident Commander

- 1. Provides guidance for City officials on the relative urgency of essential services.
- 2. Assists the Mayor's office in drafting appropriate ordinances for Council approval.
- 3. Assists in selecting members at large to serve on boards or committees required to control resources.

I. Police Department

- 1. Provide the necessary security to ensure that stockpiled and/or stored materials and supplies and secured from looting or vandalism.
- 2. Provide crowd control during distribution of resources.

J. ???? Department

1. Coordinate the use of any parks facility for the purposes outlined in this Annex.

K. Public Works

1. Ensure City of McCleary resources are maintained and cataloged in proper order for use during emergencies or disasters.

L. Building Division

1. Evaluation of all buildings or facilities used for stockpiling of resources for health and safety.

CLERK'S OFFICE

I. PURPOSE

To provide for the recruitment, allocation, utilization and general management of civilian labor forces required for emergency activities essential to emergency response and recovery operations; to ensure proper accounting of spontaneous voluntary forces during emergencies.

II. CONCEPT OF OPERATIONS

A. City of McCleary Use of Personnel

All City departments and agencies or supporting organizations will operate in any disaster using normal and available personnel before requesting additional resources for disaster operations. Where personnel needs are beyond the capabilities of the City of McCleary resource pool, additional resources will be requested through the EOC. The EOC will initiate the necessary procedures to meet the required personnel requirements from the following resources, in priority order:

- 1. Neighboring jurisdictions
- 2. County
- 3. State
- 4. Federal
- 5. Volunteers

B. City Employee Status

All employees of the City of McCleary are designated as Emergency Workers. It is the City's policy to assign emergency workers to assignments during an emergency or disaster that best suit their abilities and area(s) of training. This does not preclude the possibility that City employees would be assigned outside their area of abilities under direction of the EOC and/or the Incident Commander in the field.

C. Clerk-Treasurer

The Human Resources Director will make full use of the voluntary cooperation generated by a disaster, and of the capabilities of the State Department of Employment Security, labor, management and other groups in coordinating personnel mobilization programs.

The Clerk-Treasurer will identify a member or members of staff to coordinate and assist in this activity.

D. Activities Coordinated

The coordination of personnel made available for emergency operations by private sector organizations, including volunteer organizations, will be accomplished through the EOC.

E. Spontaneous Volunteers

It is assumed that spontaneous volunteers will be available during any such disaster. Should these individuals appear at a disaster scene or scenes, the Incident Commander will notify the EOC on the number available. Unless needed immediately at the incident site by the Incident Commander, spontaneous volunteers will be assigned appropriately by the EOC.

Appropriate personal information will be obtained from the spontaneous volunteer for the purpose of documenting his/her activities, and to meet state law concerning emergency workers (RCW 38.52).

III. ORGANIZATION AND RESPONSIBILITIES

A. City Government

The City of McCleary is responsible for the coordination and implementation of Federal, State, County and City programs for the emergency management of available civilian personnel resources within the City of McCleary.

It is the policy of the City of McCleary to utilize all available local personnel resources within the City of McCleary to specifically assist the City in emergency and recovery operations. If it is determined that the City of McCleary pool of available emergency workers is not expended, these resources will be made available to neighboring jurisdictions, County, State, and Federal requests through the EOC, as requested.

The City is responsible for the recruitment and priority referral of available personnel resources to essential emergency services for City agencies and supporting organizations.

The City is responsible for providing guidance in the pre-emergency identification, assignment, and effective utilization of community personnel resources.

B. City Departments

- 1. Each City Department will maintain a list of all active full time, part time, and temporary employees and will maintain call-out data for use during an emergency.
- 2. Each City Department will work with the Human Resources Department to ensure each employee fills out and returns the Family Area Network information.
- 3. Each City Department will identify volunteer organizations that are, or would likely be, available during a disaster and provide two emergency contact names and phone numbers to the Human Resources Department.

C. Incident Commander

- 1. Maintains liaisons with local, private sector, and personnel resource providers.
- 2. Assists the Human Resources Department in maintaining a current list of emergency services workers.
- 3. Assists the Human Resources Department in issuing Emergency Identification Cards to those individuals identified in pre-disaster interviews.

D. Human Resources

- 1. Develops procedures to provide for the effective mobilization of available personnel resources.
- 2. Coordinates the recruitment and allocation of personnel resources required for essential activities of City government and supporting agencies.
- 3. Establishes liaison with Grays Harbor County government for the management of emergency personnel resources and personnel support requests, if required.
 - 4. Establishes liaison with the branch office manager of the Department of Employment Security to coordinate personnel resources and support requirements, if required.
- 5. Assists City departments and offices in reallocation of existing personnel resources to meet essential needs of City government.
- 6. Assists the Public Information Officer in preparing news releases on personnel needs and requirements, recruitment and utilization policies, and general management procedures.

EMERGENCY SUPPORT FUNCTION - 8 PUBLIC HEALTH AND MEDICAL SERVICES ANNEX

Primary Agency: Fire Department

Support Agencies: Local Health Providers
Police Department

I. PURPOSE

- **A.** To provide for the organization, mobilization, coordination and direction of emergency medical, emergency health, and emergency mortuary services and resources in a disaster.
- **B.** To provide for the coordination of emergency hospital services.
- **C.** To provide for the care of the sick, injured, and deceased resulting from a disaster.
- **D.** To provide for the coordinated use of medical personnel and communications.
- **E.** To provide for the systems and methods required to prevent or control disease.

II. CONCEPT OF OPERATIONS

A. Health, Environmental Health and Mortuary Services

- 1. Emergency health, emergency environmental health, and mortuary services will be directed and controlled by Grays Harbor County Department of Public Health officials and private health and mortuary providers pursuant to the responsibilities section of this Annex. Department of Health officials may operate from the EOC if needed. The coordination and call out of the Department of Health will be handled through the Grays Harbor Department of Emergency Services. Field locations for operations or emergency operating locations will be established under the direction of the Health Department in accordance with their Emergency Operational Procedures.
- 2. Emergency health and emergency environmental health support of private institutions, business and organizations required in the City of McCleary will be coordinated as much as possible through the Grays Harbor County Department of Public Health.
- 3. The City of McCleary shall endeavor to keep a current list of emergency health support available within this City.

B. Emergency Medical Services

- 1. Emergency medical services organization and mobilization during emergencies will be the responsibility of the City of McCleary Fire Department.
- 2. On-scene management of emergencies will follow the Incident Command System (ICS) as established and adopted by the Fire Department.
- 3. In the event of structural failure or inaccessibility of medical clinics and hospitals in a disaster, any City facility or temporarily established site may act as a remote emergency clinic, temporary hospital or morgue for its local area until coordination of more permanent facilities can be established by the EOC.
- 4. Any site designated by the Incident Commander may serve as a command post, staging area, triage, treatment, transportation station, communications center, medical clinic, temporary hospital, or temporary morgue in any other functional capacity appropriate for the situation.
- 5. The Fire Department shall establish a system to expand emergency medical support, and provide support to local hospitals in the coordination and establishment of expanded hospital facility needs during an emergency.
- 6. When activated, the Fire Department will work with the EOC to coordinate expansion of hospital care to field operations when needed.
- 7. Mutual aid agreements exist with numerous jurisdictions and departments throughout Grays Harbor County. Requests for assistance will normally be coordinated through the EOC in conjunction with Grays Harbor County.

3. Medical Control will coordinate the distribution of patients to hospitals or temporary treatment and medical facilities.

D. Scene Response Requirements

All first responders of the City of McCleary (Police, Fire, Public Works, or Light and Power) shall:

- 1. Verify alarms.
- 2. Prior to arrival of medical personnel (Aid or Medic), assess the situation and inform or advise their dispatcher. Appropriate contact with emergency dispatch personnel will take precedence over other activities.
- 3. The first responder shall provide as much emergency traffic routing information and patient information as possible or available.
- 4. First responders shall establish an initial command post and provide first aid until arrival of medical personnel (Aid or Medic).

E. Communications

- 1. Activation of the "all-call alert" to notify hospitals of the incident.
- 2. Return exchange of hospital patient capabilities from hospitals to "Medical Control".

F. Ancillary Services

- 1. Disaster relief organizations will be requested to provide emergency medical and health services consistent with their resources, personnel and capabilities.
- 2. Emergency medical, health, and mortuary services, personnel and supplies not available within the City of McCleary will be requested from the Grays Harbor County Department of Emergency Services through the Grays Harbor County EOC.
- 3. Private ambulances or other private transport units may be used, including buses, to transport patients. The Incident Commander will coordinate this through the EOC.

G. Temporary Mortuary Services

1. In the event of a large number of fatalities, temporary morgue facilities may be set up through the use of semi-tractor/trailer refrigeration units until such time as other facilities are available.

III. ORGANIZATION AND RESPONSIBILITIES

A. Providers

Medical, health, mortuary, and hospital services are provided to residents of the City of McCleary primarily by the McCleary Fire Department, Grays Harbor County Department of Public Health, and Grays Harbor Hospital District #1. Additional medical, health, and mortuary services are provided by numerous private medical service providers. All unassigned City personnel shall be made available for duties related to a mass casualty incident as necessary.

B. Additional Providers

Non-City government, private, or non-profit organizations will be requested to support the City of McCleary medical, health, and mortuary services and hospitals by providing emergency services consistent with their abilities and capabilities.

C. Fire Department

- 1. The Fire Department shall develop an inventory of medical facilities, clinics, medical personnel, medical transportation, communications, and supply sources as published in supporting documents.
- 2. The Fire Department officer in charge of the incident shall establish incident command and provide initial incident evaluation to ensure appropriate coordination of resources and mitigation of the incident.
- 3. Assure that the implementation of the Simple Triage and Rapid Treatment (S.T.A.R.T) system is not delayed pending the arrival of the primary medic units. Then the Incident Commander shall ensure that all responsibilities of the Medical Group Supervisor position are completed.
- 4. The Incident Commander' responsibilities shall include but are not limited to: fire suppression, rescue and mitigation of mass casualties.
- 5. Coordinate all aspects of medical care and transportation of patients at a specific scene, including but not limited to: triage, treatment, transportation and set-up of an initial morgue area.
- 6. Contact _____ as the appropriate disaster medical control facility.
- 7. Provide assistance to health care facilities in the implementation of plans to reduce patient populations if evacuation is necessary and with provisions for continuing medical care for patients that cannot be evacuated.
- 8. Provide incident status and operational needs to the EOC at regular intervals.
- 9. Evaluates the on-scene situation and determine whether or not there is a need for post incident Critical Incident Stress Debriefing (CISD).
- 10. Provide initial coordination and notification of outside agencies providing operational support based on requests for assistance from field personnel.

D. Local Hospitals

- 1. Provide a liaison at the EOC when appropriate for coordination of operations.
- 2. Coordinate movement of patients from the field to area hospitals through "Medical Control".
 - 3. Coordinate the establishment of temporary medical facilities with the EOC and the Fire Department.

E. Grays Harbor County Public Health Department

- 1. Organization and mobilization of public health services during an emergency.
- 2. Monitor potential causes of communicable diseases in the wake of a disaster.
- 3. Identify and coordinate activation of additional mental health professionals when needed.
- 4. Establish monitoring facilities for problems regarding public health, water supplies, sanitation, and food needs when appropriate.
- 5. Provide information and instructions to facility managers and the general public to safeguard public health, water supplies, sanitation and food.
- 6. Provide inoculation of individuals if warranted by threat of disease.
- 7. Provide information on health department activities to the EOC.

F. Grays Harbor County Medical Examiner

- 1. Coordinate with the local morticians to expand mortuary services as appropriate to the situation.
- 2. Establish temporary morgues, determine cause of death, coordinate the disposition of corpses, and notification of relatives.
- 3. Coordinate activities with the EOC, morticians, police, and incident commander(s).
- 4. Provide liaison at the EOC to assist in coordination of activities when appropriate.

G. Local Morticians

- 1. Assist the medical examiner in establishing temporary morgues and transporting and storing corpses until final dispositions are determined.
- 2. Provide liaison at the EOC to assist in coordination activities when requested.

H. Police Department

- 1. Provide assistance to the medical examiner in the identification of deceased victims.
- 2. Provide security to field morgue operations and facilities.

EMERGENCY SUPPORT FUNCTION - 9 SEARCH AND RESCUE ANNEX

Lead Agency: Police Department
Support Agencies: Fire Department

Incident Commander

I. PURPOSE

To provide for the coordinated control and use of available urban search and rescue, specialty rescue, and wilderness area search and rescue operations.

II. CONCEPT OF OPERATIONS

A. Responsible Agency

The Chief of Police for the City of McCleary will conduct urban search and rescue operations in buildings that have been damaged during a natural or man-made event. State law places responsibility for Search and Rescue with the chief law enforcement jurisdiction. However, practically speaking, the fire and rescue agencies will be the lead agency in conducting building search and rescue.

B. Resources Used

The existing search and rescue resources consist of Fire and Police Department personnel, qualified volunteer search and rescue units, and explorer posts. These shall be the nucleus around which operations may be expanded and conducted in a major emergency or disaster. Any person used for search and rescue operations will be appropriately registered as an emergency service worker.

C. Priorities

The search for a recovery of bodies will be conducted secondarily to rescue of survivors or potential survivors. Once all efforts have been extended to surviving victims and the environment will allow for safe operations by search and rescue personnel, recovery of bodies will take place.

D. Fire Department Expertise

The Police Chief or his/her designate may request Fire Department assistance through normal communications channels and will set up a unified command post at the scene for coordination of activities.

E. Call Out

Should an incident present a situation that is beyond the City of McCleary capabilities, the Incident Commander or the Chief of Police will request assistance for-Search and Rescue units through ICOM Communications Center. If the search and rescue operation is in conjunction with a disaster that has activated the EOC, the call out of additional support personnel will be coordinated through the EOC.

III. ORGANIZATION AND RESPONSIBILITIES

The Police Chief, as the chief law enforcement officer of the City, is responsible for search and rescue operations within the City. The Incident Commander shall be responsible for coordinating and supporting actual administrative and field operations with other local governments, volunteers, and other support units, as required.

A. Police Department

- 1. Assumes responsibility for the direction and control of search and rescue activities and supporting units and organizations.
- 2. Advises the Mayor's office when search and rescue operations may warrant media attention.
- 3. Initiates all necessary documentation on staff and equipment use during search and rescue operations.
- 4. Assigns staff personnel (one or more) as the Search and Rescue Coordinator. For the purposes of this Annex, the designated on-duty Sergeant shall be the coordinator unless otherwise assigned.

B. Fire Department

- 1. Will assign a Coordinator within the Fire Department to act as a liaison with the Police Department.
- 2. Will provide any necessary staff or equipment as requested by the Police Department.

C. Human Resources

1. Provides for the registration of emergency service search and rescue workers for employee status under WAC 118-04.

D. Incident Commander

- 1. Notifies the State Emergency Management Division of all search and rescue missions; obtains mission number at the request of the Police Department.
- 2. Notifies the Grays Harbor County Office of Emergency Management of any significant search and rescue efforts.
- 3. Forwards all records of personnel involved in search and rescue to the State for accounting in mission activities.
- 4. Works with the Finance Director and the Compensation Board in processing compensation claims (medical and property loss/damage) arising from search and rescue missions, for volunteers or political subdivisions, as necessary (see RCW 38.52.210 "The compensation board shall be composed of the mayor; the director of emergency management; one councilmember or commissioner selected by the council or the commission; the City attorney or corporation counsel; and the local coordinator of medical and health services.).

EMERGENCY SUPPORT FUNCTION - 10 OIL AND HAZARDOUS MATERIALS ANNEX

Lead Agency: Fire Department

Support Agencies: Incident Commander

Northwest Clean Air Agency

I. PURPOSE

To provide procedures and an organizational capability within the City of McCleary to detect, measure, report, and reduce hazards involving any hazardous substances or material, including radioactive materials.

II. CONCEPT OF OPERATIONS

A. Primary Response Agency

The City of McCleary Fire Department has the primary responsibility for responding to and coordinating additional response, evacuation, or other measures in the event of a radiological/technological hazard. The City of McCleary Fire Department has in place mutual aid agreements and will maintain its relationship to other agencies that coordinate together to form the Haz-Mat team(s).

1. Haz-Mat Coordination

The Fire Department will maintain a current list of private contractors or vendors for clean-up responsibilities.

B. Organization Support

The Fire Department will, when necessary, coordinate through the Incident Commander on any such incidents which will require the movement of people, sheltering, food, bedding or clothing requirements.

C. Coordination

The Fire Department will coordinate with outside agencies as required.

D. County/State Assistance

In the event of a radiological event that is beyond the Fire Department's capabilities, the Incident Commander or his/her designee will request County and/or State assistance.

E. Radiological Policy

The City of McCleary recognizes the potential use of nuclear weapons, although reduced, still exists. However, the policy of the City of McCleary is to prepare for isolated incidents or events caused by random terrorist activity that may be related to a radiological release.

III. ORGANIZATION AND RESPONSIBILITIES

A. Fire Department

The Fire Department has the primary responsibility for radiological/technological hazard materials incidents and shall coordinate, when necessary, with the EOC as required.

B. Incident Commander

- 1. Will provide necessary support to the City of McCleary Fire Department as required.
- 2. Shall serve or appoint a radiological officer to coordinate the City's radiological equipment and training.

C. City Departments

1. City Departments will coordinate, as necessary, with the Fire Department and notify them when hazardous materials or radiological issues come to their attention.

D. Grays Harbor County Department of Health

1. Grays Harbor County Health shall have the primary responsibility for determining when a contaminated site is safe for re-occupancy.

F. Federal Government

- 1. The Federal Emergency Management Agency (FEMA) shall provide guidance and support for drills and exercises, and coordinate information in this region regarding radioactive fallout potentials, survival supplies, and emergency and operational status reports.
- 2. The Environmental Protection Agency (EPA) will provide necessary support to the Fire department as required, and responds with advice and technical resources to protect the environment from all types of hazardous substances.

G. Northwest Clean Air (Air Pollution Authority (NWAPA)

1. NWCA shall provide support, as necessary, to the Fire Department, and responds with advice and technical assistance and resources on identified incidents.

H. State Government

- 1. The Department of Ecology provides on-scene coordination, technical information on containment, cleanup, disposal and recovery, environmental damage assessment, laboratory analysis and evidence collection for enforcement actions for nonradioactive environment threatening hazardous materials incidents, as required.
- 2. The Washington Military Department Emergency Management Division provides 24 hour capabilities to receive notifications of incidents and requests for assistance and initial notification to local, state, and federal response organizations.
- 3. The Washington State Department of Fisheries will coordinate and provide resource information on potential or actual fish and fish habitat damage and cleanup.
- 4. The Department of Transportation (DOT) will coordinate and provide personnel and equipment needed to establish traffic control and cleanup activities on state roads and interstate highways. DOT requests off of state or interstate routes must be made through the County office of Emergency Management.

I. State Patrol

1. The WSP acts as designated Incident Command for hazardous materials incidents on all interstate and state highways unless the local jurisdiction assumes that responsibility. The City of McCleary has assumed that responsibility.

EMERGENCY SUPORT FUNCTION - 11 AGRICULTURE AND NATURAL RESOURCES ANNEX

Lead Agency: McCleary Finance Department Support

Agencies: McCleary Finance Department

City of McCleary Equipment and Purchasing Coordinator

McCleary Police Department

Grays Harbor County Public Health Department

I. PURPOSE

Determine nutrition assistance needs, obtain appropriate food supplies, and arrange for delivery, control, and distribution of the supplies. Respond to animal and plant diseases and pests, including outbreak of highly contagious or economically devastating disease.

II. CONCEPT OF OPERATIONS

A. Normal Operations

Elected and appointed head of City departments and offices will operate under the City of McCleary municipal code and/or the appropriate ordinance(s) for authorizing normal and emergency purchase of supplies, food, and equipment. Established procedures for procurement of supplies, food, and equipment will be followed by all departments and divisions, as set out by the Director of Finance.

B. Disaster Operations

Where the magnitude of the disaster is such that the City of McCleary cannot support emergency operations logistically from local resources, the Incident Commander will coordinate requests for supplemental supplies, food, and/or equipment with other local jurisdictions, the County, and the State Emergency Management Division.

C. Priority Use of Resources

The City of McCleary recognizes its responsibility to properly manage food and other resources that may be in short supply in a disaster. In case of the need of emergency control of food resources, the City will prioritize the distribution of food to ensure all segments of the population are adequately treated.

Emergency workers actively participating in the response and recovery efforts will receive appropriate rations of food and water commensurate with the activities involved.

D. Public Information

The public will be informed as to the status of food and other supplies that may be needed, the location where distribution will take place, the time or times when such distribution will take place, and where the public may go to advise the Incident Commander about shortfalls or needed supplies not listed in public information press releases.

III. ORGANIZATION AND RESPONSIBILITIES

A. City Departments and City Council

- 1. Request all emergency procurement of supplies shall be through the City of McCleary Equipment & Purchasing Coordinator, except as provided by ordinance and/or specific procedures issued.
- 2. Request all emergency procurement of supplies not available through the Equipment & Purchasing Coordinator through the EOC or, if not activated, through the Incident Commander.
- 3. Provide necessary support to the Equipment & Purchasing Coordinator for coordinating, supervising, documenting, and managing the procurement of supplies and other materials in a disaster.

B. Incident Commander

1. The Incident Commander shall work closely with the Equipment & Purchasing Coordinator for the procurement supplies and other materials not available through normal channels (i.e., through County or State government).

C. Finance Department

1. The Finance Department will establish procedures as necessary for the procurement of emergency supplies and equipment not covered within normal City ordinances or emergency procedures.

D. Equipment & Purchasing Coordinator

- 1. The Equipment & Purchasing Coordinator shall be the central point of contact with private sector suppliers, and shall be given the necessary support when requested.
- 2. The Equipment & Purchasing Coordinator will assist the Department of Emergency Services office in preparing and maintaining lists of available essential supplies and equipment.
- 3. The Equipment & Purchasing Coordinator will establish and maintain liaison with the private sector and government resource providers.

4. Assist the Incident Commander in determining priorities for procurement of supplies and equipment based on justification provided by requesting entities or citizens.

E. Police Department

1. The Police Department will ensure to the extent possible the safety of supplies in transit, and will ensure that crowd control measures are in place at distribution points established by the Incident Commander.

EMERGENCY SUPPORT FUNCTION - 12 ENERGY ANNEX

| Lead Agency: | Public Works Department |
|-------------------|-------------------------|
| Support Agencies: | |

I. PURPOSE

To maintain a liaison with public utilities providing services within the City of McCleary and coordinate the continued emergency services of public utilities necessary to provide essential services.

II. CONCEPT OF OPERATIONS

A. Requirements

When the requirement for coordinated use and mobilization of public utility resources is necessary to the City of McCleary operations, or for the protection of life and property, the Incident Commander will assign staff to the Utilities Unit of the Operations Section

B. Utilities - Expectations of City

All public utilities, whether publicly or privately owned, will be expected to manage and operate the utility within their own service areas, providing emergency services based upon City requirements and their capabilities.

C. Capabilities Exceeded

When requests for public utility resources cannot be filled locally, requests for utility support will be made through the EOC. The EOC staff Utilities Unit will forward requests for assistance through the County and/or State EOCs.

D. Utilities Operation

To the maximum extent possible, and within the limitations imposed by either the Federal or State government, public utilities will continue to provide emergency service through their normal means. However, if curtailment of service is required, the systems will, under the control of the City of McCleary government if required, comply with such curtailment.

E. Utilities Unit

The Utilities Unit will act as the liaison with public utilities not under the direct control of the City, should no representative be in the EOC. The Utilities Unit will coordinate emergency utility services from the EOC when required.

F. Public Information

The Utilities Unit, in conjunction with the utility providers and the Public Information Officer, will maintain an information program to keep the public and other utilities informed as to services available, restrictions, and requirements.

G. Compliance

The Public Works Department will provide personnel and equipment necessary to ensure that the public utilities are in compliance with State Statutes, Federal Law, and local codes, through inspections, review of designs, and construction management, to the extent possible under emergency conditions.

III. ORGANIZATION AND RESPONSIBILITIES

A. Public Works Department/Utilities Unit

- 1. Coordinates inspection of emergency utility work if the work falls within the normal purview of inspections.
- 2. Reviews emergency utility designs and construction within the normal purview of responsibilities.
- 3. Establishes a liaison with all public utilities providing essential services to the City, as needed or required.
- 4. Conducts emergency utilities liaison services from the EOC.
- 5. Advises the Emergency Preparedness Council and the Incident Commander, utility service status.
- 6. Advises utilities of essential emergency services needed to protect life and property.
- 7. May assign clerical or communications support to the EOC to assist in maintaining close communications with all utilities in a major disaster.

EMERGENCY SUPPORT FUNCTION - 13 PUBLIC SAFETY ANNEX

Lead Agency: Police Department

Support Agencies: Grays Harbor County Sheriff's Office

I. PURPOSE

Provide public safety and security to support incident operations, including threat or pre-incident and post-incident situations. Provide effective coordination of local law enforcement operations and resources during major emergencies and disasters.

II. CONCEPT OF OPERATIONS

A. Lead Agency

McCleary Police Department is the lead agency for the coordination of law enforcement activities within the City of McCleary.

B. Coordination of Activities

The Chief of Police will designate an EOC representative to assist in the coordination of field activities and resources associated with an emergency or disaster. The EOC staff shall provide efficient direction, control and coordination of emergency police enforcement services.

Mobilization of personnel and equipment will be determined by the degree of mobilization required to handle an event or series of events, and may include the activation of mutual aid agreements already in place. The operational structure of the Police Department may be modified during emergency operations.

When necessary, a field command post(s) may be established and staffed to handle field operations. Under widespread events, the field command post may be a department operations center linked to the EOC for coordination.

Field communications posts may be established whenever the disaster requires the response of multiple agencies and the coordination of police activities with those agencies in the field.

The Incident Command System will be followed at command posts. The On-Scene Commander shall provide regular status reports and coordinate all requests for additional resources through the EOC. Co-located or unified command posts will be the preferred method of field operations when multiple departments/agencies have command posts established.

C. Communications

The Police Chief or his/her designee will designate a communications support person to operate back up communications equipment in the EOC when requested by the Incident Commander. This will be requested to supplement regular communications capabilities and provide for coordination and/or allocation of City resources. In no case shall the EOC be utilized to be a radio communications site in place of regular communications procedures unless absolutely necessary.

The alert system utilized to mobilize police department personnel shall be the call out system established with the Police Department. Back up notification shall be by emergency public information outlets.

D. Outside Agency Assistance

In the event that the police department requests outside assistance under mutual aid agreement or under emergency or disaster requests, the unified command structure will be utilized when at all possible.

E. Military Support

The Police Chief or his/her designee will coordinate activities with the on-scene military commander in the event military troops are utilized to maintain order or assist in other activities.

III. ORGANIZATION AND RESPONSIBILITIES

A. Police Chief

- 1. The Chief of the McCleary Police Department is responsible for the direction, control, and coordination of emergency police services for City government.
- 2. Emergency police services will be provided through the personnel and equipment available within the department and/or supported through mutual aid, if required.
- 3. The Chief shall issue instructions to ensure coordinated and effective deployment of personnel and equipment.
- 4. The Chief will inform the Mayor to emergency police activities related to the disaster, as appropriate, through the Emergency Preparedness Council briefing.
- 5. The Chief will request assistance and/or mutual aid from neighboring police agencies, Grays Harbor County, State and Federal law enforcement departments, though the EOC.
- 6. The Chief will periodically conduct/coordinate briefings pertaining to law enforcement activities for key officials as requested.
- 7. The Chief will appoint an Operations Section Law Enforcement Unit staff member for the EOC.

B. Police Department

- 1. Determines personnel and equipment needs for conducting field operations.
- 2. Establishes field command posts and staging areas as required.
- 3. Establishes vital facility and supply security and area access controls.
- 4. Coordinates evacuations of endangered areas as necessary.

Mutual Aid Example and List of Agencies Signing Mutual Aid

A copy of the mutual aid agreement and the list of agencies signing the agreement with the City of McCleary Police Department are kept in the files of the office of the Chief of Police.

Police Department Emergency Operational Procedures and Unusual Occurrence Procedures are confidential in nature, and are kept on file with the department.

EMERGENCY SUPPORT FUNCTION - 14 LONG-TERM COMMUNITY RECOVERY ANNEX

Lead Agency: Incident Commander

Support Agencies: All City Departments

I. PURPOSE

To provide guidance in reporting long-term community recovery information to state and local emergency management agencies. Coordinate mechanisms and requirements for post-incident assessments, plans, and activities; including the needs of special needs populations. Identify long-term environmental restoration issues, coordinate with animal welfare and agricultural stakeholders and service providers in long-term community recovery efforts.

II. OPERATIONAL CONCEPT

Upon activation of the City of McCleary EOC, a call-out will be conducted to each City department to inform them of the activation.

- **A.** Department Heads will provide a representative to the EOC if response activities involve their department's resources or at the request of the Incident Commander.
- **B.** Department Heads or their designees will report the following information to the EOC:
 - 1. Situation status
 - 2. Resource status (personnel, equipment, and facilities)
 - 3. Preliminary damage assessment
 - 4. Projected needs.
- C. The Incident Commander and Department of Community Development will compile the information necessary to provide Grays Harbor County Department of Emergency Management and Washington State Division of Emergency Management with a reasonable account of the situation. State Form DCD/EMD 105A will be used for this purpose. The information will be updated as necessary throughout the event.
- **D.** A copy of any local declaration of emergency will be sent in the most expedient means possible (telephone, radio, facsimile, teletype) to the Grays Harbor County Department of Emergency Services and the Washington State Division of Emergency Management. Any request for assistance from state or federal agencies or requests beyond the purview of ordinary mutual aid agreements will be handled in like manner.

EMERGENCY SUPPORT FUNCTION - 15 EXTERNAL AFFAIRS ANNEX

ESF Coordinator: Mayor

Primary Agency: Incident Commander Support Agencies: Police Department

I. PURPOSE

To provide for the most effective use of federal assistance made available to the City of McCleary during a disaster.

II. CONCEPT OF OPERATIONS

A. Channels

Requests for federal assistance to alleviate emergency conditions will be supported by proper authorization issued by the Mayor and submitted to the Governor through the Incident Commander and the State Division of Emergency Management.

B. City Resources Used First

Federal assistance will be requested to complement, and not be a substitute for, full City of McCleary participation in disaster operations. City government resources will be used first to support emergency requirements, with military resources being used only as necessary to support City capabilities.

C. Assets Committed

All City of McCleary government assets available at the time of emergency operations will be committed to the relief efforts prior to military resources being utilized.

D. Release of Federal Support

Federal personnel or equipment will be released from City government support operations as soon as possible upon the restoration of law and order and/or services normally provided by the City.

E. Coordination

Federal assistance operations will be coordinated through the EOC to ensure a common understanding of emergency service requirements for military support and capabilities, and to provide for the exchange of pertinent intelligence information.

III. ORGANIZATION AND RESPONSIBILITIES

Only the Mayor, or his/her successor, may request federal assistance from the Governor of the State of Washington. This request is to be channeled through the Incident Commander and proper channels for approval by the Governor.

A. Mayor's Office

1. Authorizes and approves all requests to the Governor and/or military unit commanders for emergency federal assistance, except under conditions where written or oral delegated authority is actually delivered to meet rapidly developing events.

B. Incident Commander

- 1. Forwards all City of McCleary requests for federal assistance to the Washington State Division of Emergency Management.
- 2. Coordinates federal support operations with military unit commanders and City officials.
- 3. Makes all required reports to the Washington State Emergency Management Division after a federal support operation.
- 4. Notifies the Grays Harbor County Department of Emergency Services on any federal support operation request.

C. Police Department

1. Shall designate a ranking staff officer to act as a liaison with any federal operation(s) in the City of McCleary.

EMERGENCY SUPPORT FUNCTION - 16 EVACUATION AND MOVEMENT

Lead Agency: Mayor

Support Agencies: Incident Commander

Public Works Department

Fire Department Police Department

I. PURPOSE

To provide for and assist in the coordinated evacuation or temporary relocation of all or part of the population of the City of McCleary from any area when that population is threatened or stricken by a natural or technological disaster.

II. CONCEPT OF OPERATIONS

A. Responsibility

In the event of an incident requiring the evacuation of all or part of the City, the evacuation order may be issued by the Mayor, the Incident Commander, Police Chief, or Public Works Director. On-scene Incident Commanders may issue evacuation orders to mitigate dangerous and /or life-threatening situations. Except in situations where there exists an immediate life-threatening situation, evacuation efforts shall be coordinated through the EOC.

B. Scope

It is likely that a major evacuation will affect surrounding jurisdictions. To aid in the coordinating of evacuation activities in or near the risk area or affected by movement of people, the EOC will coordinate with State, County, and local jurisdictions.

C. Activation of the EOC

The individual ordering an evacuation shall request the Incident Commander to activate the EOC any time there is a need to evacuate individuals to public shelter or across jurisdictional boundaries

D. Control

The City of McCleary will provide direction and control for the movement of people within the City. Coordination with other jurisdictions and authorities involved in the evacuation and/or reception of victims shall be through the EOC.

E. Highest Ranking Official Responsible

Evacuation orders shall be issued by the highest ranking official available at the time of the emergency. Evacuation information shall be clear and direct as to provoke an immediate response by the affected population. Direction and control of on-scene evacuation activities shall be performed by uniformed personnel whenever possible.

F. Special Needs and Mass Transit

Any provisions for the evacuation of individuals with special needs and use of mass transit for the relocation of affected individuals will be handled on a case by case basis, according to the specific needs of the situation.

G. Fallout Area

The City of McCleary would experience radioactive fallout area in the event of a nuclear device detonation as a result of war or terrorist attack. It is anticipated that in the event of a nuclear threat, citizens may choose to spontaneously evacuate. Direction and control during an evacuation of this type will be limited to recommending evacuation routes, traffic control where possible, and coordination with jurisdictions outside the threat area for reception and shelter requirements.

H. Information

Dissemination of evacuation information shall be through the procedures of Warning and Communications ESF as appropriate.

III. ORGANIZATIONS AND RESPONSIBILITIES

A. Mayor

1. Issues a local Emergency Proclamation and evacuation orders when appropriate.

B. Incident Commander

- 1. Issues evacuation orders in the absence of a higher authority.
- 2. Appoints a Public Information Officer to prepare media releases and emergency public information.
- 3. Activates the EOC as appropriate.
- 4. Coordinates the use of resources for involved agencies.
- 5. Communicates and coordinates with nearby jurisdictions, Grays Harbor County, and the State regarding emergency activities, including evacuation routes, destination areas and reception/shelter centers.
- 6. Coordinates the dissemination of emergency public information, as needed by the Public Information Officer.

7. Coordinates the activation of the Emergency Broadcast System (EAS) through Grays Harbor County.

C. Public Works Department

- 1. Provides assessment of transportation routes, identifies alternate routes, and provides temporary traffic control measures/devices and operational control of traffic signals when appropriate.
- 2. Coordinates public transportation resources planned for use in an evacuation and coordinates with outside resources.
- 3. Provides for the removal of debris or other transportation obstacles from evacuation routes when requested.
- 4. Provides for the relocation of essential resources (personnel, critical supplies, equipment, etc.) to reception areas when requested.

E. Fire Department

- 1. Provides direction and control for evacuation when designated as the lead agency.
- 2. Provides support to the EOC in dissemination of evacuation information to the public.

F. Police Department

- 1. Provides internal and perimeter control and security of the evacuation area.
- 2. Provides for emergency traffic control in and around the evacuation area.
- 3. Coordinates evacuation activities with other law enforcement jurisdictions and with the State Patrol when appropriate.
- 4. Provides direction and control for evacuation efforts when designated as the lead agency or provides support to any other lead agency in evacuation efforts affecting the City of McCleary.
- 5. Provides dissemination of evacuation information to the public as appropriate.

EMERGENCY SUPPORT FUNCTION - 17 DAMAGE ASSESSMENT ANNEX

Lead Agency: Development Services Department Support Agencies: Incident Commander

I. PURPOSE

The implementation of a detailed safety assessment program during the early hours after a disaster will give the City critical information on the type of damage in the community, and help establish priorities for additional inspection.

II. CONCEPT OF OPERATIONS

A. General

The goals of a safety assessment program are to identify structures that are and are not safe to occupy and, thereby, to get as many people as possible back into their homes and buildings as soon as possible.

To assist the City in this task, a state and federally recognized/organized resource pool of qualified and trained, volunteer engineers, architects, and building inspectors are maintained within the State of Washington. Safety Assessment Volunteers will be requested through the City Building Department and coordinated through the Incident Commander.

B. Initial Reporting

Part of the Safety Assessment Program is a set of placards indicating the condition of inspected buildings. The current version has three placards:

- 1. INSPECTED
- 2. RESTRICTED USE (limited entry)
- 3. UNSAFE
- 4. RESTRICTED USE

These placards refer to the immediate condition of the building at the time of inspection; they are not engineering evaluations or notification of demolition.

Buildings which have been tagged with a "Limited Entry" or an "Unsafe" placard are required to have an additional evaluation by the owner's engineer/s to establish any allowable occupancy and structural repairs in conjunction with the Building Official. If the owner is absent, occupancy would be determined by the Building Official.

C. City Department Reporting/Assignments

The Development Services Department is responsible for coordinating the Safety Assessment Program. All reporting forms will be copied and returned to the Incident Commander at the end of each workday.

D. Use of Reports

Reports will provide the basis for:

- 1. Briefings of the Emergency Preparedness Council
- 2. Briefings of government officials
- 3. Requests for assistance
- 4. Allocation of essential resources
- 5. Damage assessment
- 6. Dissemination of information

E. Action Checklist

- 1. Identify types of buildings that will be given priority for inspections (e.g. essential City service facilities, mass care facilities, hospitals, schools).
- 2. Establish phone numbers to handle phone call requests for inspections.
- 3. Create a database to manage records of damaged buildings and to provide daily reports of building status.
- 4. Request additional inspectors to help with Safety Assessments.

This request can then be transmitted to the county and then to the state if necessary. This assures the most effective use of resources and makes reimbursement easier. (NOTE: Safety assessments are reimbursable from FEMA if a Presidential Declaration is declared; damage assessments, as required for Preliminary Damage Assessments [PDA's], are not.)

- 5. Make sure there are additional copies of Procedures for Post-Earthquake Evaluations of Buildings (ATC-20) and of the Field Manual (ATC-20-1) to give to volunteer inspectors. Also have ample supplies of the placards and evaluation forms.
- 6. Clarify the role of other designated inspection groups, such as the fire department (for occupancies), the state for inspection of schools, City, state, and federal buildings.
- 7. The City will be responsible for providing the volunteers with food, lodging and transportation. If necessary, make arrangements with local restaurants and hotels to provide these services. These costs are reimbursable if there is a Presidential Disaster Declaration.
- 8. In order for the volunteers to post buildings with official jurisdiction placards, they need to be accompanied by an assigned City representative. It is simplest to deputize the volunteers as deputy building inspectors. The volunteers should

- be registered as Disaster Service Workers with the state. This can be accomplished through the Incident Commander in advance, or at the time of the incident.
- 9. Those performing safety assessments will be, in many cases, the first "officials" seen by citizens. Develop information lists for use by safety assessors with addresses and phone numbers of:
 - a. first aid stations
 - b. emergency shelters
 - c. food and water distribution centers
 - d. emergency agencies
 - e. utility companies
 - f Disaster Centers

Much of this information will need to be provided after the event when damage locations are known.

EMERGENCY SUPPORT FUNCTION- 18 RELIGIOUS AND VOLUNTARY AGENCY AFFAIRS

Lead Agency: Chaplains, Police and Fire Support Agencies: Local Church leaders

I. PURPOSE

- **A.** To provide an organized group within the City of McCleary government to assist emergency preparedness workers.
- **B.** To coordinate and provide spiritual direction, counseling and leadership to those that may request or need such care.
- **C.** To coordinate the use of churches and private schools in their use as mass care and social service activities or needs.
- **D.** To assist in the dissemination of emergency information and instructions to the population.
- **E.** To promote voluntary groups within the City of McCleary at both the residential and business level.

II. CONCEPT OF OPERATIONS

A. Police and Fire Department Lead

The chaplain programs available through the McCleary Police and Fire Departments will be used in disaster or emergency situations, if appropriate.

B. Chaplain Role in Disaster

The chaplains on call during an emergency situation will be used to minimize potential injury and damage, expedite recovery operations, and encourage the public through public information avenues.

C. Local Churches Role

The local churches in the City of McCleary shall be asked to volunteer resources and personnel to support emergency operations.

D. Chaplain Liaison

The chaplains available to the City will provide a liaison to the City's EOC if requested.

E. Denomination Responsibility

The executive head of each denomination will be responsible for the religious leadership and action taken by respective denominational groups. The City of McCleary does not promote nor involve itself in the religious affairs of any organization or any segment of the population.

F. City Use of Volunteers Not Restricted

The City of McCleary will work with any denominational group that volunteers resources, time, or personnel.

G. Denominational Non-Discrimination Encouraged

The City of McCleary encourages all denominational groups to provide assistance without regard to spiritual faith, social status, or race.

H. Other Groups

Other volunteer groups that can provide resources will be utilized to the greatest extent possible during and after a disaster. Such groups include the Community Emergency Response Teams (CERT).

III. ORGANIZATION AND RESPONSIBILITIES

The coordination of religious affairs will be done through the Chaplain program of the McCleary Fire and Police Departments.

The coordination of other volunteer groups will be processed through the Department of Emergency Services.

It is expected that, during a major disaster, spontaneous volunteers will arrive. The coordination of spontaneous volunteers will be handled through the McCleary Fire Department.

EMERGENCY SUPPORT FUNCTION- 19 ANIMAL CARE ANNEX

Lead Agency: Police Department (Animal Control)

Support Agencies: WAIF

American Red Cross

WSU Cooperative Extension

I. <u>PURPOSE</u>

A. To address the needs of animals following an emergency or disaster by providing emergency care and shelter and supporting congregate shelter and basic animal needs provided through private organizations.

II. CONCEPT OF OPERATIONS

- A. The McCleary Animal Control Holding Facility, non-emergency operations:
 - 1. Operated by the City of McCleary for lost and found animals.
 - 2. This facility is not an Animal Shelter. Animals cannot be dropped off or adopted from this location.
 - 3. Stray animals picked up by the City of McCleary Police Department will be taken to this location.
- B. Requests for disaster services may be directed to the individual care providers or may be coordinated through the Incident Command Post.

III. <u>RESPONSIBILITIES</u>

- A. City of McCleary Animal Control Holding Facility
 - a. Provides public information about emergency/disaster considerations for animals.
 - b. Provides information and/or services for the disposal of dead animals.
 - c. Provides emergency feeding and limited emergency shelter for animals.
- B. Office of Emergency Management
 - a. Maintains contact with a designated local Disaster Veterinarian Coordinator who may assist in the coordination of care providers and local veterinarians concerning animal related disaster issues.
